Background for Motion:**Background Summary:**

The Financial Report summarizes the general state of Citywide financial affairs and highlights significant items or trends that the City Council should be aware of. The attachment provides year-to-date financial activity through September 30, 2023, based on financial data available as of November 15, 2023.

This report provides an overview of the City's overall financial position for the fiscal period ending September 30, 2023, reflecting financial data available as of November 15, 2023. References to budget, actual and prior year amounts reflect year-to-date numbers, unless explicitly stated otherwise. Year-to-date budget expectations are generally based on the two prior years of data.

General Fund Overview

Coming off a robust 2022 fiscal year, the City has embraced a new biennial budget cycle starting in 2023. Consistent with prior years, General Fund revenues have generally exceeded budget expectations and largely recovered from the impact of COVID-19. With the adoption of budget amendment #2 in July 2023, the annual budget consists of \$97.5 million in revenues and \$107.1 million in expenditures, for a planned decrease in General Fund balance of \$9.6 million.

Last year the City implemented a citywide Business and Occupation (B&O) tax, wherein businesses are taxed based on the value of gross receipts or square footage of occupied warehousing space, subject to certain exceptions. This new revenue stream achieved a total of \$3.0 million in 2022 and has already provided \$8.2 million year-to-date in 2023. The City anticipates that B&O revenues will remain consistent throughout the end of the year, significantly surpassing budget expectations.

Due to a change in the renewal schedule for business licenses and increased discovery through B&O tax collections, the City has seen an increase of roughly \$253,000 or 158% in business license revenue compared to last year.

The City offers a wide range of recreational classes and access to the Auburn Golf Course. Green fees at the Auburn Golf Course have remained a staple revenue source for the City, comprising roughly 52% of the total culture and recreation revenues. Recreational classes have significantly increased by 28% from 2022 collections, a hopeful indication that the City is returning to pre-pandemic activity levels.

Overall, General Fund revenues collected through Q3-2023 totaled \$78.3 million as compared to a year-to-date budget of \$71.1 million, and were \$7.2 million, or **10.2% above** budget expectations. General Fund expenditures through Q3-2023 totaled \$68.3 million compared to a year-to-date budget of \$78.8 million; resulting in a \$10.4 million or **13.2% underspend**.

Revenue: The following factors had the most significant impacts on the budget vs. actual revenue collected:

- B&O Tax: Revenues collected through Q3-2023 totaled \$8.5 million, exceeding the annual budget by \$3.0 million. Some of this favorable variance is due to the collection of tax obligation incurred in prior years, and is not expected to continue at the same level in subsequent years. **[page 4]**
- Retail Sales Tax: The sales tax report through Q3-2023 (which is provided as an attachment to this report) reflects amounts remitted to the City of Auburn based on sales from November 2022 through July 2023. Collections through September 2023 totaled \$17.1 million, a 1.8% increase from last year. Likewise, compared to the year-to-date budget, sales tax has a favorable variance of \$2.1 million or 13.8%. The increase resulted from multiple categories, particularly services and automotive. **[pages 5-7]**
- Solid Waste Tax - External: Q3-2023 revenues collected totaled \$1.3 million which was \$1.2 million favorable to the year-to-date budget. This is largely due to the collection of backdated utility tax revenues from City solid waste haulers. The City anticipates the continued collection of these backdated taxes throughout the remainder of the year. **[pages 7-8]**
- Fines and Penalties: Collections through Q3-2023 were \$1.4 million in total and \$1.1 million favorable to budget. A new photo enforcement program implemented by the City during the second quarter of the year has contributed \$310,000 toward the favorable variance. Other non-court fines and penalties are \$773,000 favorable versus budget expectations, mainly due to interest and penalties on B&O tax collection. **[page 16]**
- City Interfund Utility Tax: As mentioned in previous reports, in 2022 there was a notable change in how the interfund utility taxes are transferred between the General Fund and the City's pass-through King County Metro Sewer sub-fund. Utility tax revenues through Q3-2023 were \$650,000 unfavorable to budget. Factoring in an accounting adjustment in late 2022, collections are favorable by \$1.8 million against prior year-to-date revenues. **[pages 7-8]**

Expenditures: Almost all departments operated within budget expectations through the third quarter of 2023, with some variances due to the timing of professional services payments, as well as expenses related to operating supplies. Of the favorable variance to budget mentioned above, roughly \$458,000 is comprised of underspend professional services and charges, and an additional \$2.3 million of underspend is from lower personnel costs largely due to position vacancies across the City. As of the compilation of this report, there were 29 vacant regular full-time positions in the City.

Enterprise Funds Overview

The City's enterprise funds account for operations with revenues primarily provided from user fees, charges, or contracts for services. Significant for 2023, the City's cash and investment balance increased significantly compared to the same period last year. As a result, interest earnings across all funds increased materially, totaling \$1.3 million more in the enterprise operating funds than through Q3-2022. Another key factor contributing to higher interest earnings was increased interest rates and yields to maturity for the City's investment accounts compared to last year.

The **Water Fund** ended Q3-2023 with operating income of about \$5.3 million, which was approximately \$1.0 million above the same period last year. About \$408,000 of the increase in operating revenue was due to higher interest earnings. **[page 21]**

The **Sewer Fund** ended Q3-2023 with operating income of about \$3.2 million versus \$1.2 million in the same period last year. Service charge and interest revenues increased, while operating expenses decreased \$1.1 million, largely due to the cessation of charging interfund utility tax against the pass-through King County Metro Sewerage revenue. **[page 22]**

The **Stormwater Fund** ended Q3-2023 with operating income of about \$2.3 million compared to \$2.0 million in the same period last year. The increase in revenues (primarily from charges for storm service and interest earnings) were higher than the increase in expenditures, resulting in a 16.9% higher operating income this quarter than the same quarter last year. **[page 22]**

The **Solid Waste Fund** ended Q3-2023 with operating income of about \$724,000. An increase of \$2.9 million in operating revenues over the same period last year was offset by an increase in operating expenditures of \$4.0 million due to higher tax expenditures and payments to the City's solid waste vendor **[page 22]**

Internal Service Funds Overview

Internal service funds provide services to other City departments and include functions such as Insurance, Worker's Compensation, Facilities, Innovation & Technology, and Equipment Rental. No significant variances were reported in these funds during Q3-2023. **[page 23]**

Revenue

The combined total of property, sales and use, utility, gambling, and admissions taxes provides over 70% of all resources supporting general governmental activities. Licenses, charges for services, intergovernmental revenue (grants, state shared revenue, etc.) and fines contribute a further 20% of total revenue to the General Fund. The remaining 10% is comprised of a combination of different sources that are considered to be one-time resources. The following section provides additional information on the most significant tax resource streams.

Property Tax collections through the third quarter of 2023 totaled roughly \$13.3 million as compared to a year-to-date budget of \$13.2 million. Coinciding with the due dates for County property tax billings, the City collected 87.2% of the year-to-date 2023 revenues during the months of April and May. As depicted in the chart below, the next influx of property tax revenues is expected to occur during the fourth quarter. Since 2016, we have seen annual increases versus the prior year totals and project the same will hold in 2023.

Retail Sales Tax collections through Q3-2023 totaled \$17.1 million, representing taxes remitted to the City of Auburn based on sales from November 2022 through July 2023. Overall, collections were roughly \$297,000 higher through the first three quarters of 2023 than the same period in 2022, with strong performances in the automotive (+\$201,500), services (+\$170,500), and wholesale (+\$93,375) industries more than offsetting slight decreases in most of the remaining industries. Within the retail trade sector, sales tax revenues generated from sporting goods, hobby, and music retailers have seen a significant increases versus the same period last year, and correlate with the increase in culture and recreation charges for service revenues. The notable exception to the trend of stable or increased collections is the manufacturing industry: due to a large one-time contribution in Q1-2022, manufacturing collections are down \$220,500 (35.1%). With a year-to-date 2023 budget expectation of \$15.0 million, sales tax revenues have a \$2.1 million favorable variance to the budget. The City projects sales tax revenues will continue this upward trend as we have seen in years prior.

Note: The increase in sales tax revenue from 2018 to 2019 was primarily due to a policy change whereby sales tax on construction revenue is retained in the General Fund; previously, a portion was transferred to street funds. Of the year-over-year increase in sales tax revenue depicted in the graphic above from 2018 to 2019, \$2.2 million of the \$2.9 million increase was due to this policy change.

The following table breaks out the City's retail sales taxes by major business sector.

Utility Taxes consist of interfund taxes on City utilities (Water, Sewer, Storm and Solid Waste) and taxes on external utilities (Electric, Natural Gas, Telephone and Solid Waste). Effective January 1st, 2023, Council approved an increase of the City utility tax rate from 10.0% to 11.5%. However, the additional revenue generated from this increase was dedicated to funding City street projects, while the General Fund portion remained at its previous 9.0%.

Overall, utility taxes increased by \$1.2 million or 10.7% through Q3-2022, resulting in utility taxes being currently favorable to budget by roughly \$695,500. This is due to the City collecting backdated utility taxes from City haulers which represents a favorable variance of \$1.2 million versus budget within the Solid Waste (external) category. As mentioned in previous reports, the City is no longer applying interfund utility tax to the pass-through revenue from King County Metro sewerage charges causing an unfavorable variance within this category. The City will reassess the annual budget during the budget amendment process and make any adjustments as necessary.

Additionally, as of January 2023 external utility taxes are collected on either a quarterly or annual basis, rather than monthly. Although there have been collections throughout the year, the City anticipates a change to the timing of these revenues in 2023, which will affect year-over-year performance comparisons for the remainder of the year and into 2024.

The table and below demonstrates the various utility tax revenues and shows actual revenues compared to budget.

Note: Of the total utility tax levied, 2.5% of Water/Sewer/Storm/Solid Waste tax and 1.0% of other utility tax is allocated to City streets funds and is not reflected in the General Fund's portion discussed here. The large increase from 2019 (\$10.9 million) to 2020 (\$12.7 million) is attributed to the City's decision mid-2020 to reallocate 1.0% previously dedicated to the Arterial Street Preservation Fund to support General Fund operations, due to the uncertainty of the economic impacts of COVID-19. The Arterial Street Preservation Fund's 1.0% was reinstated in 2021, but 2021 collections continued to increase due to an increase in the City's internal utility tax rate from 7.0% to 10.0% effective in 2021.

An **Admission Tax** of 5.0% is placed on charges for general admission, season tickets, cover charges, etc. Revenues from admission taxes are generally collected on a quarterly basis as depicted on the chart below. Admission tax revenues of \$284,100 collected through September 2023 were significantly higher (61.3%) than through Q3-2022. This is partially due to lingering effects of the COVID-19 pandemic in the early part of last year, resulting in generally lower admissions in early 2022. The City projects admission taxes will return to pre-pandemic levels over the biennium. As of Q3-2023, admission tax revenues are favorable to budget by roughly \$29,500.

Note: The decrease in admission tax revenues in November 2022 was due to a change in accounting wherein admissions tax ceased to be charged to the City's Golf Course operations.

Gambling Tax applies to all card games, punch board games, pull tabs, bingo games, raffles and amusement games played within City limits. The majority of the gambling tax revenues are collected from amusement games (31.8%) and card games (59.4%). As with admission tax, the City projects increased collections from 2022 totals. Through the third quarter, collections are \$66,000 higher than 2022 year-to-date totals and report a \$36,000 or 17.5% favorable variance to budget. This revenue source historically has significant variance from year to year: excluding 2020, third-quarter revenue has been as high as \$162,600 (2018) and as low as \$45,500 (2021).

Licenses and Permits include business licenses, building permits, plumbing, electric and other licenses and permit fees. Building permit fees and business licenses make up approximately 70% of the annual budgeted revenue in this category.

The annual **Business License** renewal fee for each business that is located within the City is \$103. Previously, all businesses were on calendar year renewal cycle, meaning that the majority of business license revenue was collected in November and December for existing businesses renewing their licenses, which is reflected in the large peak in the chart below in 2022.

As mentioned in last quarter's report, starting in September of 2022, businesses are now on an annual renewal cycle that begins on the date the business was originally granted a license. This is expected to smooth out revenue collection throughout the year, which can be seen in the chart below as a more linear progression of year-to-date collections totaling \$413,500, compared to \$129,000 through Q3-2022. Changes in the timing of collections will affect year-over-year performance comparisons for the remainder of 2023 and into 2024. Moreover, collections in 2023 are projected to be higher in total than 2022, due to increased discovery through B&O tax collections and use of the State's Business Licensing System (BLS).

Building Permit revenues collected through September 2023 totaled \$590,500. Building permits are approximately \$182,000 lower than 2022 collections year-to-date and hold an unfavorable variance against the budget of \$183,250. A large contributing factor for this unfavorable variance is the decreased valuation of construction permits on mixed-use and subdivision builds throughout 2023, despite a higher volume of permits being issued this year than in the same period last year. However, there are aged 2022 revenues that the City is still awaiting to collect throughout the remainder of the year. It is anticipated that with the collection of the aged accounts, the year-to-date unfavorable variance will be mitigated in the fourth quarter.

Intergovernmental revenues include grants and stimulus monies (direct and indirect federal, state, and local), revenue from the Muckleshoot Indian Tribe (MIT) compact as well as state shared revenues. Collections through Q3-2023 totaled \$4.5 million and were \$221,000 unfavorable to budget expectations. The City has collected roughly \$1.1 million from MIT through the third quarter and is roughly \$173,000 below budget expectations. Nearly 50% of the collected total, however, is comprised of the final payment of the 2022 compact request. The City anticipates more collections throughout the remainder of the year to mitigate the unfavorable variance. Likewise, federal grants are also below projections, although these revenues are generally received on a reimbursement basis, and subject to the timing of reimbursable activities. Streamlined sales tax has an unfavorable variance due to the state Department of Revenue's recalculation of the payment rate; effective July 2022, payments are calculated as 80% of the payment made in the same quarter of the previous year. Mitigating some of the unfavorable variance is due to higher collections of liquor excise tax.

Note: 2020 revenue was higher than normal due to the receipt of \$3.8 million in federal CARES grant money from the Department of Treasury.

Charges for Services consist of general governmental service charges, public safety charges, development service fees, and culture and recreation fees. Total charges for services collected through September 2023 totaled \$7.7 million and were roughly \$236,000 (or 3.2%) more than expected to date, mainly due to exceptional performance at the Auburn Golf Course.

The *General government* revenue category primarily includes the interfund assessment for support departments (Finance, Human Resources and Legal). Operating costs for these departments are charged to the respective General Fund home department and the portion of those costs that provide citywide benefit are recouped from other funds via interfund charges. General Government revenues also include fees for passport services, reimbursement from cities participating in the South King Housing and Homelessness Partners (SKHHP), as well as revenues related to certain transportation projects. The unfavorable variance of \$262,000 is largely due to the timing of a SKHHP project budgeted to reimburse the General Fund for expenses. Furthermore, the City expects to collect revenues for the salt/sand storage (carried forward from 2022) per an interlocal agreement during the second half of the year, which will mitigate the unfavorable variance through the third quarter.

Public safety revenues mainly consist of revenues for law enforcement services, which are extra duty security services whereby police officers are contracted for, and reimbursement is made by the hiring agency. This category also includes reimbursements from the Muckleshoot Indian Tribe (MIT) for a full-time dedicated police officer and associated expenditures as well as monies collected from the Auburn School District for services rendered. Public safety revenues collected in the third quarter of 2023 totaled approximately \$774,000 and saw a \$194,000 increase from 2022 third quarter totals. Revenues generated from DUI emergency response fees represent \$117,500 or 15.2% of the total amount collected and report a \$114,000 favorable variance. However, this favorable variance was offset by an unfavorable variance of \$140,500 in revenues for extra duty police officers. This results in an overall unfavorable variance of roughly \$19,000, although extra duty revenues are received on reimbursement basis, indicating that the related expenses are also lower.

Development services fee collections consist primarily of plan check fees, facility extension charges, and zoning and subdivision fees. Through Q3-2023, development service fees collected totaled \$833,000 and were \$88,000 unfavorable to budget expectations. Major contributors to this variance were FAC linear charges (fees assessed on projects that require extension of public facilities). Although FAC linear charges are down year-over-year by \$127,300, this is an effect of the revenue regressing to the mean after an exceptional three-year period of high collections from 2020 through 2022. By comparison, 2023's collections, while lower than 2022, are still well above the previous average collection for the third quarter. However, plan check fee collections remained consistent with projections and helped mitigate the unfavorable variance of the FAC linear charges by \$20,000.

Most of the *culture and recreation* revenues are derived from greens fees and pro shop sales at the Auburn Golf Course, recreational classes, ticket sales at the Auburn Avenue Theater, senior programs, and special events. Overall, culture and recreation revenues exceeded budget by \$605,000, or 28.3%, with nearly 75% of revenues coming from greens fees and recreation classes. Revenue from greens fees have increased \$105,400 or 8.0% over last year, and are favorable to budget by \$350,500 due to a 3-4% increase in greens fee prices and good weather during the spring and summer months. Consistent with previous years, these revenues are projected to continue rising through the summer and taper down in fall as the golfing season slows. Recreation class revenues have increased by \$135,000 or 28.1% from the prior year, and ticket sales for performances held at local school venues (previously held at the Auburn Avenue Theater) have increased by \$61,000 or 176.5%. A portion of the increase is attributable to lower revenues due to COVID-19 restrictions in place during 2022, which have since been removed.

Fines & Penalties include civil penalties (such as code compliance fines), parking and traffic infraction penalties, criminal fines (including criminal traffic, criminal non-traffic, and other criminal offenses) as well as non-court fines such as false alarm fines. The table below shows a detailed breakdown of the different types of fines and penalties collected by the City.

Total revenues collected through September 2023 totaled \$1.4 million as compared to a budget of \$306,000 and were 351.4% above budget expectations. This was primarily due to higher-than-expected collections of fines related to a new photo enforcement program, which are classified as parking infractions. With the implementation of this new program, the City expects significant increases to revenue in this category. Furthermore, the City received an influx of non-court fines & penalties in July and August.

Municipal Court fines and penalties account for 83% of the budgeted revenue in this category, but only account for 40% of revenue actually collected. The City contracts with the King County Court to operate its municipal court services; the number of hearings, judgements, and collections activity began decreasing in 2019 and has continued to dramatically decrease since that time. This decrease, as shown in the graph below, is now being offset by collection B&O & other tax interest within non-court fines & penalties; there is a spike in current year collections and the City will likely see future collections along this same trend.

Miscellaneous Revenues consist of investment earnings, income from facility rentals, revenue collected for golf cart rentals at the Auburn Golf Course, contributions and donations, and other income including the quarterly purchasing card (P-card) rebate monies. A breakdown of the most significant miscellaneous revenue categories are listed in the table below.

Miscellaneous Revenues by Type Through September 2023

Revenues collected YTD 2023 in this category totaled \$2.3 million and were \$972,000 favorable to budget. The majority of the favorable variance to budget was in the interest and investments category, with the City already surpassing the annual budgeted total through the third quarter.

The “other” miscellaneous revenue category, while \$53,000 less than the same timeframe last year, was nonetheless favorable to the 2023 year-to-date budget by \$123,300. This category includes \$52,100 in revenue related to a national opioid settlement distribution program in the first quarter. Furthermore, through the third quarter, purchase card rebates have totaled \$131,200 or 65% of the total “other” miscellaneous revenue.

The rents and leases category includes prepayments for facility rentals. During the second quarter, the City saw an influx of facility rentals, which coincides with prior years as the weather generally becomes more favorable for gatherings. This remained consistent throughout the third quarter. The increase in revenue brings the year-to-date 2023 total to \$1.0 million resulting in a \$217,500 or 26.8% favorable variance to budget expectations.

OTHER FUNDS

Real Estate Excise Tax (REET) revenues are taxes on the sale of both commercial properties and single-family residences. These collections are receipted into the Capital Improvement Projects Fund and used for governmental capital projects.

REET revenues collected year-to-date in 2023 total \$2.7 million, which is roughly \$950,000 or 35.1% favorable to budget expectations. However, as reflected in the table below, REET revenues collected were significantly lower (40.7%) than in 2022. Continued borrowing rate increases and slower housing markets contribute to the decreased revenues during this period. However, the City anticipates continued growth in REET revenues as property values on new and existing homes increase.

Shown in the table below, REET collections have generally been lower in most months of 2023 than their counterparts in 2022. In context, 2022 saw the highest collection of REET revenue through the second quarter since 2015, largely due to high-value purchases made by Pepsi Beverages Company, Holiday Inn Express, and a large land purchase made by an investment group. Lower REET collections in 2023 represent a cooling market as interest rates increased dramatically after a period of low interest rates and historic inflation.

American Rescue Plan Act (ARPA) Fund

In March 2021, the American Rescue Plan Act (ARPA) was signed into law, with the intent of mitigating the economic impacts related to COVID-19. Through ARPA's State and Local Government Fiscal Recovery Fund program, the City was allocated \$14.75 million in funding. Council approved the City's acceptance of ARPA funds in Resolution #5608, and the general spending categories of those funds (as determined by a Council ad hoc committee) in Ordinance #6832.

The City's plan for using ARPA funding is to mitigate the cost of providing public safety services throughout the City. Since receiving the funding, the City has been able to offset \$11.6 million in public safety expenditures, as shown in the table below and reported to the Department of the Treasury.

ARPA FUNDING STATUS	
Total ARPA Funding Received	14,751,232
ARPA Funding Used to Mitigate Public Safety Costs	11,617,484
ARPA Funding Remaining	3,133,748

As a result of the cost mitigation provided by the ARPA funding, the City has been able to allocate General Fund funding toward projects approved by the Council ad hoc committee. As of September 30, 2023, the City has been able to spend \$1.4 million year-to-date and \$3.9 million since 2021 on the following projects:

The *Neighborhood Parks Improvement* project will be able to make minor improvements in qualifying neighborhood parks. Numerous parks in our low-income census tracts are in need of modernization that will assist in getting these community members outdoors and experiencing a better quality of life. To date this project has spent \$28,626 which provided new fencing around Forest Villa Tot Lot. The playground order was placed in mid-November and is scheduled for installation in early Spring.

The *Encampment Cleanup* project provides two service contracts that began in 2023; one contract provides continued cleanup of garbage and debris related to encampments and other illegal dumping on City-owned properties and rights of way (ROW), while the secondary contract focuses specifically on encampment trash cleanup. To date, the project has spent \$422,403 and cleaned up 160 tons of litter and debris.

Beginning in 2023, the *Clean and Sober Housing Program* is budgeted at \$2 million over the life of the program. This program is to assist residents of Auburn who are experiencing homelessness and drug addiction and who are willing to enroll in and complete inpatient treatment. The program will cover the costs of clean and sober housing of participants for up to three years, provided the participant follows the clean and sober housing agreement. Total project spend through Q3-2023 is \$166,922.

The *Broadband Network to Hardest Hit Communities* project allows the City to expand the City's broadband network capabilities for all residents, visitors, and city employees to utilize. The IT department has acquired all necessary hardware and software related to the broadband/Wi-Fi replacement and expansion. Total spent in Q3-2023 was \$3,281 bringing the accumulated project total to \$180,251. All replacement of existing hardware has been completed. The expansion is estimated to be completed during Q4-2023.

Utility Enterprise Funds

Utility activities are divided between operating funds and capital sub-funds. Operating funds house all the operating costs along with debt service and financing obligations. Capital funds show costs associated with capital acquisition and construction. Both the operating and capital funds have a working capital balance, which is equivalent to current assets minus current liabilities. This approach isolates those funds available for capital and cash flow needs for daily operations, and project managers will know exactly how much working capital is available for current and planned projects.

Through September 2023, the **Water Utility** had operating income of \$5.3 million (operating revenues less operating expenditures), approximately \$1.0 million above the same period last year. Water Fund operating revenues were \$2.5 million or 20.6% higher than Q3-2022; the majority of this variance was due to higher revenues from water sales (\$2.1 million) and interest earnings (\$408,000). As previously mentioned, this increase in interest earnings is due to an increase in the City's cash and investments balances.

Operating expenditures also increased by \$1.5 million, mainly due to increases in personnel costs, interfund allocations and utility taxes.

Billable water consumption through June 2023 totaled 2.4 million hundred cubic feet (ccf), approximately 236,000 ccf or 8.0% higher than consumption volume through Q3-2022. Consumption increased across every customer class except manufacturing when compared to Q3-2022, with the largest increases by both volume and revenue amount occurring in irrigation and single-family accounts.

Through the third quarter of 2023, the **Sewer Utility** finished with operating income of \$3.2 million as compared to \$1.2 million through the same period last year. Operating revenues were up \$935,000 or 13.0% from the same period last year due to stronger performance in charges for City sewer service and higher interest earnings. Interest earnings increased from \$44,000 through Q3-2022 to \$396,000 through Q3-2023 due to higher cash and investment balance and higher interest rates.

Operating expenses were down \$1.1 million due to decreased in expense related to interfund utility taxes. As discussed on pages 7-8, the City is no longer applying this tax to the pass-through King County Metro revenue. This, combined with lower interfund charges, more than offset increases in personnel costs and supplies, resulting in overall lower expenses compared to last year.

Through September 2023, the **Stormwater Utility** had operating income of \$2.3 million compared with \$2.0 million in the same period last year. Operating revenues were up \$1.1 million compared to last year due to charges for City storm service and interest earnings. Interest earnings increased from \$60,800 through Q3-2022 to \$462,600 through Q3-2023. As most Stormwater service charges are based on a flat rate, there are not typically seasonal fluctuations in this revenue.

Operating expenditures in the Stormwater Utility were up \$723,000 through the third quarter of the year compared to the same period last year. The majority of this increase is due in roughly equal measure to higher personnel and interfund allocation costs.

The **Solid Waste Utility** finished the second quarter with operating income of \$724,000. While operating revenues were up by \$2.8 million compared to Q3-2023 due to stronger performance in charges for solid waste service, operating expenses were up by \$4.0 million. This increase was due to increased interfund utility tax payments, payments to the City's solid waste vendor Waste Management, and a payment of \$530,000 of B&O tax to the Department of Revenue.

Internal Service Funds

Operating expenditures within the **Insurance** Fund represent the premium cost pool that will be allocated monthly to other City funds over the course of the year. As a result, the expenditure balance gradually diminishes each month throughout the year.

No significant variances are reported in the **Workers' Compensation, Facilities, Innovation & Technology**, or **Equipment Rental** Funds.

YTD Total	\$ 16,808,519	\$ 17,105,897	\$ 297,379	1.8 %

Manufacturing: a DOR correction January 2022 accounted for an inflated Q1 2022 and 100% of the \$220k decrease.

Transportation & Warehousing: The \$27k decrease is entirely attributed to couriers and messengers.

Services: telecommunications, car/equipment rentals and leasing, restaurants, and fitness centers

Tax Revenue

Utility Tax (21% of taxes)

- \$14.4 million 2023 budget
 - Water, Sewer, Storm, Solid Waste Utility Tax rate 9% (\$6.8 million of total budget)
 - Electric, Natural Gas, Cable, and Telephone Utility Tax rate 5% (\$7.6 million of total budget)
- **\$695,000 (6%) over budget**
 - Higher than expected natural gas and solid waste tax collected
- **\$1.1 million (11%) over prior year**
 - Higher electric, natural gas, and solid waste tax collected compared to 2022

Tax Revenue

Business and Occupation Tax (B&O) (8% of total taxes)

- \$5.5 million 2023 budget
- \$6.8 million collected YTD*
 - \$4.0 million in gross receipts tax (59%)
 - \$2.8 million in square foot tax (41%)
 - Includes Q4 2022, Q1 2023, Q2 2023, and 2022 Annual Filings
- **\$2.0 million (43%) over YTD budget**

Other Taxes (8% of total taxes)

- \$4.4 million budgeted
- Criminal justice sales tax, admissions tax, gambling tax, leasehold excise tax, franchise fees
- **\$2.2 million (127%) over 2023 YTD budget**
- **\$1.8 million (86%) over 2022 YTD collections**
- Both variances are due to higher sales tax collection (\$550,000), interest earnings (\$617,000), and penalties and fees (\$1,100,000)

Licenses and Permits

Accounts for 3% of the total General Fund Resources

\$2.5 million budgeted in 2023

- Most all of this (\$2.0 million is related to building permits)

\$196,000 (11%) over budget

\$397,000 (24%) over prior year

- \$285,000 YTD increase in business license revenue and a \$182,000 decrease in YTD building permit
- Total building permits issued YTD 2023 exceeded 2022 by 24% but total value of permit has decreased by 38%

Intergovernmental

Revenues include: Federal/State/Interlocal Grants, Muckleshoot Indian Tribe (MIT) Compact, State Shared Revenue

- State Shared Revenue:
 - Streamlined Sales Tax, Motor Vehicle Excise Tax (MVET), Marijuana/Liquor excise taxes, Criminal Justice Sales Tax

\$221,000 (5%) under 2023 YTD budget

- Timing of contribution payment from the MIT compact, and Streamlined Sales Tax Mitigation reductions

\$306,000 (6.4%) under 2022 YTD collections

- Timing of contribution payment from the MIT compact, and Streamlined Sales Tax Mitigation reductions

Charges for Services

General Government - **\$262,000 below** budget (7%)

- Timing of SKHHP Payments – Reimbursement basis

Public Safety - **\$19,000 below** budget (2%)

- Reimbursement for law enforcement services provided for private business
- Reimbursement for officers at the Auburn School District and Muckleshoot Contract
- Variance is due to fewer private business charges (down \$140,000), but offset by more DUI emergency response fees (up \$114,000)

Development Services - **\$88,000 below** budget (10%)

- Plan check fees, facility extension charges, zoning and subdivision fees
- Primary drivers for this is tied to the permitting activity, which are also down

Culture and Recreation - **\$605,000 above** budget (28%)

- Green fees and pro shop sales are up \$105,000 (8%) compared to previous
- Recreation Classes and Special Events account are up \$135,000 (28%) compared to previous year

Background for Motion:**Background Summary:**

The City of Auburn supports the Auburn Symphony Orchestra through a Tourism Promotion Services Contract to assist in promoting and marketing Auburn as a destination for Arts and Events that in turn contribute to the economy. Performing Art Programs serve as an economic driver and the activities of the Auburn Symphony Orchestra assists in that effort. As part of the 2023-2024 budget for the Arts Division, the Auburn Symphony Orchestra receives funding with a specific scope of services for marketing, outreach and audience building, and amplification of the arts. This formal presentation from the Auburn Symphony Orchestra will report on their 2022-2023 season as part of that contract.

Extra(ordinarily) Fancy

Sunday, September 18, 2:30 PM

Rachell Ellen Wong, violin

Auburn Performing Arts Center

Our 26th Season kicks off in the most "Extra(ordinarily) Fancy" way possible with music by Viet Cuong, Felix Mendelssohn and Ludwig van Beethoven. Come hear violinist Rachell Ellen Wong as well as ASO's very own Shannon Spicciati and Dan Williams as they go "reed to reed" in the ultimate oboe smackdown!

American Voices

Sunday, October 9, 7:30 PM

Tania León, composer

Auburn Performing Arts Center

In this exploration of American Voices in classical music, we invite you to saunter, skip or dance your way down the streets with George Gershwin's *An American in Paris*, treat yourself to the west coast premiere of a new work by Pulitzer Prize winning composer, Tania León, and feel invigorated by the romantic, British-inspired work of Amy Beach.

Holiday Spectacular

Monday, December 5, 2:30 PM

Auburn Performing Arts Center

Celebrate the holidays with Auburn Symphony Orchestra! Bring the entire family for an evening of comfort and cheer. Don't miss *Sleigh Ride*, our traditional Sing-Along, and a few holiday surprises.

Pure Resonance

Sunday, January 29, 7:30 PM

Auburn Performing Arts Center

This is a profound and deeply moving program. Hear Arvo Pärt's anguish over the death of Benjamin Britten and Britten's own turbulent *Four Sea Interludes* from *Peter Grimes*. Finally, experience Dmitri Shostakovich's struggle against censorship in his *Tenth Symphony* and his ultimate triumph of expression.

Movie Mixtape

Film Music from the 80's & 90's

Saturday, February 25, 2:30 PM

Federal Way Performing Arts Center

We're stoked! Listen to rad music from some killer movies including *Chariots of Fire*, *Jurassic Park*, *Forrest Gump*, *Beauty and the Beast*, and much more! This show will be gnarly, dude!

Dvořák's Concerto for Cello

Sunday, April 30, 2:30 PM

Efe Baltacigil, cello

Federal Way Performing Arts Center

In this uplifting, glorious season finale cellist Efe Baltacigil will perform with ASO the finest of all cello concertos. The concert begins with the warmth and tranquility of Johannes Brahms' *Third Symphony* and is rounded out with *Three Spirituals* by American composer Adolphus Hailstork.

Wesley Schulz, music director and conductor

Wesley Schulz is widely recognized for his superb programming and spirited yet heartfelt music making with orchestras. At home with masterworks, contemporary music as well as pops, the Cultural Voice of North Carolina deems Schulz’s conducting “spectacular.” Schulz is Music Director and Conductor of the Auburn Symphony Orchestra (WA) and recently completed four successful seasons as the Associate Conductor of the North Carolina Symphony. Prior to this, Schulz was a Conducting Fellow at the Seattle Symphony, Assistant Conductor of the Britt Festival Orchestra and Education and Family Conductor for the Austin Symphony Orchestra.

Key to Schulz’s success is his passion for diversifying classical music and expanding the concert hall to include all listeners. He has collaborated with some of the most dynamic musical artists of our time including Philippe Quint, Bella Hristova, Richard Lin, Leslie Odom Jr, Pink Martini, Randall Goosby, Cirque de la Symphonie, John Williams, Amos Lee and many more. When not on the podium, Schulz enjoys distance running, doing CrossFit, cooking and playing endless fetch with his two dogs, Chewbacca and Han Solo.

Zane Kistner, assistant conductor

Zane Kistner, originally from Salem, Oregon, earned a Bachelor of Music in Music Education at the University of Puget Sound in Tacoma, Washington. While at Puget Sound, he studied euphonium and conducting. During his time in Tacoma, Zane performed as a soloist and substitute musician, most notably as a featured soloist on Seattle’s King FM Classical radio station. Zane also won the 2017 Northwest Brass Festival Solo Competition, which gave him the opportunity to perform and record with Brass Band Northwest. As an educator, Zane worked as the assistant conductor of the Puget Sound Youth Wind Ensemble and the Puget Sound University Concert Winds. Recently, Zane completed his Master of Music in Orchestral Conducting under Dr. Jonathan Girard at the University

of British Columbia. At UBC, Zane has worked as the assistant conductor for both the UBC Symphony Orchestra, and the UBC Chamber Orchestra Festival and participated in the Cascade Conducting Masterclass and masterclasses presented by Neil Varon, Gerard Schwarz, and Sarah Ioannides. Zane’s most recent performances have been with the Vancouver Symphony Orchestra.

Rainier Youth Choirs

Rainier Youth Choirs is a community-based organization with no religious affiliation. Members come from Auburn, Burien, Covington, Des Moines, Enumclaw, Federal Way, Issaquah, Kent, Maple Valley, Puyallup, Renton, Snoqualmie, and Sumner, with no restrictions. It is a tuition-based music performance and education program for children and youth emphasizing the development of high caliber musical skills and

outstanding artistic performances so as to inspire, enrich, and transform the lives of children. RYC is now accepting members, grades 2-12 to join in January. Partial scholarships are available.

Rainier Youth Choirs was founded in 2007 by Artistic Director, Leora Schwitters, as a youth offering under the adult Kent community ensemble the Rainier Chorale, with a mission to “encourage the personal and social growth of our singers and inspire our community through impactful performances and music education”. More information at www.RainierYouthChoirs.org.

Hark! The Herald
Angels Sing

Hark! the herald angels sing,
Glory to the newborn King!
Peace on earth and mercy mild,
God and sinners reconcile!
Joyful all ye nations rise,
Join the triumph of the skies;
With th’angelic host proclaim,
Christ is born in Bethlehem.
Hark! the herald angels sing
Glory to the new-born King.

Silent Night,
Holy Night

Silent night, holy night,
All is calm, all is bright
Round yon Virgin
Mother and Child.
Holy infant so tender and mild,
Sleep in heavenly peace,
Sleep in heavenly peace.

Deck the Halls

Deck the halls
with boughs of holly,
Fa la la la la la la la la.
‘Tis the season to be jolly,
Fa la la la la la la la la.
Don we now our gay apparel,
Fa la la la la la la la la.
Troll the ancient Yuletide carol,
Fa la la la la la la la la.

Jingle, Bells

(Refrain)
Jingle, bells! jingle, bells!
Jingle all the way!
Oh! what fun it is to ride
In a one-horse open sleigh!
Jingle, bells! jingle, bells!
Jingle all the way!
Oh! what fun it is to ride
In a one-horse open sleigh!

(Verse)
Dashing thro; the snow,
In a one-horse open sleigh;
O’er the fields we go,
Laughing all the way;
Bells on bobtail ring,
Making spirits bright;
What fun it is to ride and sing
A sleighing song tonight. (Oh,)

(Repeat refrain)

O Come, All Ye Faithful

O come, all ye faithful,
Joyful and triumphant,
O come ye, o come ye to Bethlehem;
Come and behold Him,
Born the King of Angels;
O come, let us adore Him,
O come, let us adore Him,
O come, let us adore Him,
Christ the Lord

Joy to the World

Joy to the world! The Lord is come;
Let earth receive her King;
Let ev’ry heart prepare Him room,
And heav’n and nature sing,
And heav’n and nature sing,
And heaven, and heaven and
nature sing.

It Came Upon the
Midnight Clear

It came upon the midnight clear,
That glorious song of old,
From angels bending near the earth
To touch their harps of gold:
“Peace on the earth,
good will to men,
From Heav’n’s all gracious King;”
The world in solemn stillness lay
To hear the Angels sing.

Peter Cotton Trail

April 7-10, 2023 | Various Parks in Auburn

- 4-day scavenger hunt (looking for hidden paper bunnies) showcasing 16 parks & trails
- We estimate 2,000 participants; and 890 people (ages 4 months–90 years) submitted scorecards to win prizes.
- Amazing comments from participants about the event, our park system, and something fun to do with all ages and abilities

Good family fun.
Found parks that
I didn't know
about.

Lots of fun and appreciate
that its set up so that
people with disabilities can
also participate.

We have done this the last
three years and always find
new parks and trails we did
not know about
in our great city.

Thank you to the team that
put this together and keeps
the parks so clean, beautiful
and safe for us. Wow what a
great experience! We had so
much fun and laughter.
