Administrative Recommendation:

City Council to approve Ordinance No. 6920.

Background for Motion:

Ordinance No. 6920 adjusts the City of Auburn's solid waste rates for the years 2024-2026, in order to ensure financial stability in the City's solid waste fund.

Background Summary:

The City recently completed a solid waste rate study to determine the rate increases needed to cover increasing costs while maintaining the required fund balance.

Ordinance No. 6920 amends the Auburn City Code pertaining to solid waste rates. The new rates will incorporate a King County disposal fee increase, increased Waste Management collection costs, and provide 40 days of working capital in the Solid Waste Fund by the end of 2026.

ORDINANCE NO. 6920

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF AUBURN, WASHINGTON, AMENDING SECTION 8.08.180 OF THE AUBURN CITY CODE RELATING TO SOLID WASTE COLLECTION CHARGES

WHEREAS, the City provides for refuse and garbage services for residential and commercial properties located within the City; and

WHEREAS, it is the City's policy to have its waste management operations and services reflect their true costs in terms of value and fees charged; and

WHEREAS, the City has reviewed its solid waste fund balance and utility rates and has determined that there is a need to stabilize the fund balance.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF AUBURN, WASHINGTON, DO ORDAIN as follows:

Section 1. Amendment to City Code. Section 8.08.180 of the Auburn City Code is amended to read as shown in Exhibit A.

Section 2. Implementation. The Mayor is hereby authorized to implement such administrative procedures as may be necessary to carry out the directions of this legislation.

Section 3. Severability. The provisions of this ordinance are declared to be separate and severable. The invalidity of any clause, sentence, paragraph, subdivision, section or portion of this ordinance, or the invalidity of the application thereof to any person or circumstance shall not affect the validity of the remainder of this ordinance, or the validity of its application to other persons or circumstances.

Section 4. Effective date. Sections one through four of this Ordinance shall take

effect and be in force on January 1, 2024. Section five of this Ordinance shall take effect and be in force five days from and after passage, approval, and publication, as provided by law.

Section 5. Codification Note. Prior to January 1, 2024, Exhibit A of this Ordinance shall be published in the Auburn City Code as a parallel section to the currently published Section 8.08.180 with a title that reflects the future January 1, 2024, effective date. The title of the currently published Section 8.08.180 shall reflect that the section expires on January 1, 2024.

B. Multi-unit residential accounts must have the same type of service for each "occupied unit" unless tenant and owner sign city tenant release form for single-family residence garbage service. Tenant then pays direct to the city's agent for solid waste services and is provided variable solid waste service as defined in "single-family residence." Owners are responsible for payment if tenant does not pay. If no payment is received from tenant or owner within 60 days of billing, service will revert back to multi-unit residential accounts. Residences can request a tenant release form only once in a year while they are at that address.

C. Property owners of property not specifically addressed elsewhere in this Chapter are responsible for tenant payments. A tenant and owner may sign a city tenant release form for garbage service. Tenant then pays direct to city's agent for solid waste services. Owners are responsible for payment if the tenant does not pay. If no payment is received from tenant or owner within 60 days of billing, service will revert back to a 2035-gallon cart and tenant's name will be removed from the account and the owner will be held responsible.

D. Garbage collections in excess of those included in the current monthly service (as listed on the account) shall be at the rate of \$10.83 per each extra container of up to 32 gallons per pickup.

E. Temporary and roll off services do not include tipping fees charged by the King County solid waste division which shall be added to the total service charges. The tipping fee shall be the actual container load weight multiplied by the tipping fee and then multiplied by a factor of 1.02. Minimum charges for temporary and

roll off services include applicable delivery and pickup fees and rental rates per pickup.

F. Rental rates for dumpsters and drop boxes are required with the provision that persons, firms or corporations may furnish their own detachable bulk containers on approval of the solid waste administrator. These containers shall be constructed so that they can be readily picked up by the service provider and the service provider's equipment.

G. A pre-pay amount for all temporary containers is required prior to delivery. Current accounts with no delinquency charges shall be charged a pre-pay amount as follows:

	Pre-Pay
Two cubic yard container	\$200.00 <u>300.00</u>
Four cubic yard container	\$250.00 <u>350.00</u>
Six cubic yard container	\$300.00 <u>400.00</u>
Eight cubic yard container	\$350.00 <u>450.00</u>
<u>Ten cubic yard container</u>	<u>\$700.00</u>
Twenty cubic yard container	\$600.00 <u>800.00</u>
Thirty cubic yard container	\$700.00 <u>900.00</u>
Forty cubic yard container	\$800.00 <u>1,000.00</u>

As other temporary containers become available, a pre-pay amount shall be required for the use of such container and the pre-pay amount shall be based on size. The amount of the pre-pay sum shall be determined by the director of finance.

PUBLIC SAFETY

ISSUE: The City of Auburn supports the continued reforms to policing and community caretaking in our State and wishes to continue working in concert with legislators, police officers, our communities and others to continue this effort.

- **REQUEST:** Work with cities to make technical fixes those bills in which language is vague, conflicting or confusing.
- **REQUEST:** add additional crimes that police are authorized to pursue, to include burglary, vehicle theft, and possession of stolen vehicles.

ISSUE: Police agencies are currently in a staffing crisis. As we recover from the pandemic and also seek to fill vacated positions, we will need tools to ensure our departments are fully staffed and able to effectively respond to local public safety needs.

- **REQUEST:** Additional funding for the Basic Law Enforcement Academy (BLEA) would drastically shorten the amount of time prospective police officers are on municipal payrolls without being able to get into training.
- **REQUEST:** Additional funding for officer wellness and DEI staffing within police agencies.
- **REQUEST:** Additional funding sources for officer recruitment and retention. Possibly through a councilmanic public safety sales tax or impact fee

ISSUE: Impacts to towing companies from the Seattle v. Long decision force cities to expend more sums for towing services.

- **REQUEST:** Additional dedicated funding to cities for towing services, or an increase in funding to the State reimbursement account under RCW 46.53.010

ISSUE: Ongoing crime/public safety issues related to illegal drug use.

- **REQUEST:** Restore drug free school zones and expand to community parks
- **REQUEST:** Additional funding to implement new law (Blake fix)
- **REQUEST:** Ongoing funding for therapeutic courts, recovery programs in jails and after treatment supports

ISSUE: RCW 10.112.010 requires a subpoena for records in a criminal investigation of an offense involving the sexual exploitation of children. This process is slow and can lead to further exploitation of children or allow the perpetrator to avoid arrest.

- **REQUEST:** Change the requirement to a search warrant to allow officers to quickly identify evidence to interrupt the cybercrimes against children

2024 State Legislative Priorities

REGULATORY & LAND USE

ISSUE: As communities grow there are no impact fees to benefit police.

- **REQUEST:** Enact legislation that would allow cities to collect a police impact fee since added population and businesses have the same resource demands and challenges as fire, transportation, parks and schools.

ISSUE: Affordable housing needs are deeper than 60% AMI – more like 50% or 40%. Washington State Housing Finance Commission programs are providing great support for projects that hit the 60% AMI mark.

- **REQUEST:** Create incentives to hit the deeper marks since that is where the greatest need exists.
- **REQUEST:** Future legislation related to affordable housing, missing middle housing or other land use laws must provide safe harbor for those cities that are creating or in the process of creating their Housing Action Plan (HAP) in line with previous legislative actions that included grant funding provided by the State Legislature.

ISSUE: Rehabilitate Existing Affordable housing. There are very few programs that help maintain older homes and multifamily complexes which results in one of two outcomes (1) older properties are maintained appropriately but the investment is reflected in increasing rental costs, or (2) older properties are not maintained which helps keep rental costs down but at the sake of declining health and safety.

- **REQUEST:** Create dedicated funds to put towards the rehabilitation of single or multifamily units because it is far less expensive and environmentally sustainable to preserve existing housing stock instead of building new units and will ensure housing stock is readily available in the market.

ISSUE: The large number of regulatory processes are a hindrance to bringing affordable housing projects to fruition including SEPA, GMA, NPDES. State Environmental Policy Act (SEPA) is an outdated and overly burdensome process that adds time and money. Growth Management Act (GMA) and affordable housing objectives are at direct odds because the GMA limits supply which increases costs. National Pollutant Discharge Elimination System (NPDES) adds significant cost to development which is passed on to future owners or tenants.

- **REQUEST:** Allow procedural relief for any mandates that the State Legislature imparts upon cities. Work with cities to make it easier for us to update our local laws if or when it is in response to a State mandate rather than having to go through all of the obligations related to the planning commission, SEPA, public notice, etc.

ISSUE: The 2023 legislative session introduced a high volume of planning and zoning changes centered around affordable housing. The City of Auburn supports efforts to address the current housing crisis in Washington and in King County specifically and want to part of the solution.

- **REQUEST:** Allow cities time to respond to the recent changes in planning and zoning laws from 2023 and also to ensure the changes are accomplishing the desired results.
- **REQUEST:** Remedy conflicting or vague language in the multitude of planning and zoning bills passed in recent years. For example, the definition of a transit stop varies widely between bills.

2024 State Legislative Priorities

PUBLIC WORKS, TRANSPORTATION, INFRASTRUCTURE

ISSUE: It is critical to protect all of the State funds that support local transportation projects. The cities cannot do this on their own given the amount of growth and commerce in the region. This includes maintained or increased funding for Transportation Improvement Board (TIB) and Freight Mobility Strategic Investment Board (FMSIB) along with state grant programs managed by the WSDOT for local agency projects.

- **REQUEST:** Fund an Implementation Plan for the SR167 Master Plan that was completed in 2023. This was an important first step in meeting the needs of the underserved communities along the SR167 corridor and the legislature needs to support the next step of creating the implementation plan so that the project envisioned collaboratively in the Master Plan have the potential to be completed and provide the benefit to the region that is needed.
- **REQUEST:** Increase the councilmanic ability to levy sales taxes for infrastructure.
- **REQUEST:** Make changes to appropriate RCWs to allow Municipalities to charge properties for street lighting. Current RCW 54.16.120 allows Utility Districts to charge properties for providing street lighting, but the law does not allow Municipalities to do this. Current revenues for general fund use cannot meet the needs and charging for street lighting would be an appropriate way to address a specific service being provided to residents and businesses within a jurisdiction.
- **REQUEST:** Retain or increase the Public Works Trust Fund amount. The legislature continues to raid this fund to fix structural budget issues and it must stop. The PWTF it is key to providing funding for local agency projects.
- **REQUEST:** Retain and increase the Drinking Water State Revolving Fund. This fund is key for local water purveyors to cost effectively fund needed infrastructure projects.
- **REQUEST:** Support allocating 1% of the existing aviation fuel tax to WSDOT's Aviation account to fund airport projects. Current levels of funding cannot meet the growing need to maintain and improve this important infrastructure that provides a significant benefit to commerce and the State's economy.
- **REQUEST:** Support the industry and federal efforts to develop a replacement fuel to 100 Low-Lead for aviation uses that works for all aircraft without adding additional time constraints for Washington State only that will only negatively impact these industries and users within Washington.

PARKS AND OPEN SPACES

ISSUE: Help cities protect and maintain parks and open spaces

- **REQUEST:** Maintain funding for the Washington Recreation & Conservation Office and Land/Water Conservation Fund so residents have increased access to existing and new public spaces
- **REQUEST:** Support Washington State Historical Society's (WSHS) capital budget request and the Heritage Capital Projects in the 2023-2025 funding biennium which includes the transformation of Auburn's Historic Post office building into an Arts & Culture Center
- **REQUEST:** Support Recreation and Conservation Office (RCO) request for municipal parks deferred maintenance grant funding program in the 2023-25 Operating Budget

2024 State Legislative Priorities

SOCIAL SERVICES

ISSUE: Cities throughout the State do not have the local resources available to adequately address homelessness, substance abuse disorders and untreated mental illness.

- **REQUEST:** Support greater funding for behavioral health programs and incentivize workers to pursue careers in behavioral health
- **REQUEST:** Support and fund programs that will alleviate the need for police response to quality-of-life issues such as mental distress or illness, substance abuse and persons experiencing homelessness
- **REQUEST:** Make any necessary changes to State laws that prohibit cities from hiring Mental Health Professionals or Designated Crisis Responders.
- **REQUEST:** Provide clarification on the qualified use of Trueblood dollars to ensure the continuum of care in local communities
- **REQUEST:** Support the construction and operation of tiny home villages on state-owned property. These villages are considered permanent supportive housing using a community living concept. The Quixote Communities is proving to be an effective model for bringing people into housed and safe living environments

ISSUE: South King County is facing a growing affordable housing crisis. As a member of the South King Housing and Homelessness Partners (SKHHP), we pool funds with other cities to support the production and preservation of affordable housing in South King County, but we need more help.

- **REQUEST:** In order to address this crisis, we need to fund all aspects of affordable housing, including:
 - Homeownership for moderate income households and below
 - Preservation of naturally occurring affordable housing (NOAH)
 - Land acquisition to secure permanent affordability
 - Permanent supportive housing (PSH)
 - Infrastructure around affordable housing developments
 - Workforce housing

BUDGET & FINANCE

ISSUE: The arbitrary 1% property tax cap is regressive and hinders growth in Washington state. The City of Auburn supports a commonsense reform to this cap.

- **REQUEST:** Revise the cap by tying it to inflation and population growth with a limit of 3%

ISSUE: The leasehold excise tax can be interpreted in many ways according to the Department of Revenue and causes confusion within local jurisdictions.

- **REQUEST:** Provide greater clarification on what is considered a benefit and who the beneficiary actually is to ensure equitable application of the law
