Administrative Recommendation:**Background Summary:**

Nick Abdelnour, representing Peasley Canyon Homes, LLC, has made application for the Final Plat of "Canyon Creek at Peasley – Division 2" (originally known as "Auburn Assemblage"); located on the south side of 321st St. S, between 46th Pl. S. and 51st Ave. S., in the "West Hill" area of the City, see Exhibit 1. This Final Plat is the second and final phase of a two-phase subdivision of approximately 34.35 acres into 154 single-family residential lots; this phase ("Division 2") subdivides approximately 12.55 acres into 76 single-family residential lots, three tracts for access and utilities, four tracts for HOA maintained open spaces, and dedication of public right-of-way, see Exhibit 2. The preliminary plat was approved by the City of Auburn Hearing Examiner on July 15, 2014 (PLT13-0006) with 33 conditions; see Exhibit 3.

The plat has been developed in accordance with the R-7 Residential zoning district as defined by Chapter 18.07 ACC (Residential Zones), Title 17 ACC (Land Adjustments and Division), Chapters 58.17 and 35A.58 RCW, and the applicable conditions of the preliminary plat approval.

A Certificate of Improvements has been issued by the City Engineer, accepting completion of all required plat improvements (see Exhibit 4).

The various divisions of the Community Development and Public Works Department have reviewed the Final Plat Map of Canyon Creek at Peasley – Division 2 and find that all requirements have been met.

SURVEY NOTES

- ALL TITLE INFORMATION SHOWN ON THIS MAP HAS BEEN EXTRACTED FROM FIRST AMERICAN TITLE INSURANCE CO. SUBDIVISION GUARANTEE; NO. 2001725, DATED MAY 6, 2016. IN PREPARING THIS MAP, CORE DESIGN, INC. HAS CONDUCTED NO INDEPENDENT TITLE SEARCH NOR IS CORE DESIGN, INC. AWARE OF ANY TITLE ISSUES AFFECTING THE SURVEYED PROPERTY OTHER THAN THOSE SHOWN ON THE MAP AND DISCLOSED BY THE REFERENCED FIRST AMERICAN TITLE INSURANCE COMPANY SUBDIVISION GUARANTEE. CORE DESIGN, INC. HAS RELIED WHOLLY ON FIRST AMERICAN TITLE INSURANCE COMPANY'S REPRESENTATIONS OF THE TITLE'S CONDITION TO PREPARE THIS SURVEY AND THEREFORE CORE DESIGN, INC. QUALIFIES THE MAP'S ACCURACY AND COMPLETENESS TO THAT EXTENT.
- ALL SURVEY CONTROL INDICATED AS "FOUND" WAS RECOVERED FOR THIS PROJECT IN MAY OF 2013.
- ALL DISTANCES ARE IN FEET.
- THIS IS A FIELD TRAVERSE SURVEY. A SOKKIA FIVE SECOND COMBINED ELECTRONIC TOTAL STATION WAS USED TO MEASURE THE ANGULAR AND DISTANCE RELATIONSHIPS BETWEEN THE CONTROLLING MONUMENTATION AS SHOWN. CLOSURE RATIOS OF THE TRAVERSE MET OR EXCEEDED THOSE SPECIFIED IN WAC 332-130-090. ALL MEASURING INSTRUMENTS AND EQUIPMENT ARE MAINTAINED IN ADJUSTMENT ACCORDING TO MANUFACTURER'S SPECIFICATIONS.
- THIS SURVEY COMPLIES WITH THE STANDARDS AND GUIDELINES OF THE "SURVEY RECORDING ACT" CHAPTER 58.09 RCW AND WAC 332-130.

CITY OF AUBURN FILE NO. PLAT 16-0004

1 **BEFORE THE HEARING EXAMINER FOR THE CITY OF AUBURN**

2 Phil Olbrechts, Hearing Examiner

3
4 RE: Auburn Assemblage

5 PLT13-0006

**FINDINGS OF FACT, CONCLUSIONS
OF LAW AND FINAL DECISION.**

6 **INTRODUCTION**

7
8 The applicant requests approval of a preliminary plat for a 154 lot single-family
9 subdivision of a 34.35 acre parcel located on the south side of 321st Street S. between
10 46th Pl. S. and 51st Ave. S. The applicant also requests approval of four street standard
 deviations. The preliminary plat is approved with conditions. The street standard
 deviations are also approved.

11 Approval of the preliminary plat is premised upon the approval of an associated
12 rezone from R5 to R7. The examiner has recommended denial on this rezone request.
13 If the City Council adopts the examiner's denial recommendation, the applicant will
14 have to lower the density of the plat. It will be up to staff to ascertain what process
 will be necessary to approve such a reduction in density and associated change in
 preliminary plat design.

15 **ORAL TESTIMONY**

16 The hearing on the subject preliminary plat application was consolidated with the
17 hearing on the associated rezone request. Please see the rezone recommendation
18 (REZ13-0003) for a summary of the testimony of the consolidated hearing.

19 **EXHIBITS**

20 The hearing on the subject preliminary plat application was consolidated
21 with the hearing on the associated rezone request. Please see the rezone
22 recommendation (REZ13-0003) for a list of exhibits admitted into the
 consolidated hearing.

23
24 **FINDINGS OF FACT**

25 **Procedural:**

1. Applicant. The applicant is PNW Home Builder North, LLC.

2. Hearing. A public hearing was held on the proposed rezone on June 18, 2014 at 5:30 p.m. at the City Council chambers at Auburn City Hall. The hearing was left open through June 30, 2014 because the appeal period for the State Environmental Policy Act ("SEPA") Determination of Nonsignificance ("DNS") did not end until that date. Staff forwarded a SEPA mitigation agreement with the City of Federal Way (Ex. 20) to the examiner on July 1, 2014.

Substantive:

3. Site/Proposal Description. The applicant requests approval of a preliminary plat for a 154 lot single-family subdivision of a 34.35 acre parcel located on the south side of 321st Street S. between 46th Pl. S. and 51st Ave. S. The applicant also requests four street standard deviations.

The project site is currently primarily undeveloped, with 3 single-family residential structures (1 burnt out) with associated outbuildings. With the exception of the single-family residence located in the northeastern corner of the project site, all other structures will be demolished. The Project's calculated density is 5.69 dwelling units per net acre which is within the density threshold for R7 zone. The base (maximum) density for the R7 zone is 7 dwelling units per net acre. The minimum density for the R7 zone is 5 dwelling units per net acre (ACC 18.07.030).

The following lot dimensions are proposed by the Project:

Minimum average lot area: 6,388sf
Minimum lot area: 4,342sf
Minimum lot width: 39 feet (Lot 113)

Per the modification (also termed "deviation") requests ("Exhibit 14") the first dated March 6, 2014, and revised on April 4, 2014, the applicant proposes the following deviations:

1. Reduced Horizontal Curve Radius

- Reduce the minimum horizontal curve radius of 333 feet for "Local Residential" roadways as follows:
 - o Road B: in the vicinity of Lot 28, reduce the radius to 60 feet; in the vicinity of Lot 102, Lot 107, and Lot 116, reduce the radius to 100 feet.
 - o Road D: in the vicinity of Lot 53, reduce the radius to 50 feet; in the vicinity of Lot 54, reduce the radius to 150 feet.
- Reduce the minimum horizontal curve radius of 544 feet for "Residential Collector" roadways as follows:

- 1 o Road E: in the vicinity of Tract J, Lot 43 and Lot 45, reduce the radius to 333
2 feet.

3 2. Reduce Minimum Tangent between Reverse Curves.

- 4 • Reduce the minimum tangent length of 100 feet between reverse curves for a
5 "Local Residential" roadway as follows:

- 6 o Road D: in the vicinity of Lot 53, reduce the tangent length to 33.90 feet

- 7 • Reduce the minimum tangent length of 150 feet between reverse curves
8 for a "Residential Collector " roadway as follows:

- 9 o Road E: in the vicinity of Lot 44, reduce the tangent length to 100 feet.

10 3. Reduced Design Speed for Intersection Sight Distance.

- 11 • Reduce the design speed for intersection sight distance for a "Local Residential"
12 from the required design speed of 30 mph to the posted speed of 25 mph.

- 13 • Reduce the design speed for intersection sight distance for a "Residential
14 Collector" from the required design speed of 35 mph to the posted speed of 30
15 mph.

16 4. Intersection Spacing.

- 17 • Reduce the required intersection spacing standard of 500 feet between
18 "Residential Collectors" for the intersections of 46th Place South/Road E and 46th
19 Place South/South 324th Street.

20 The request for multiple transportation-related modifications has been reviewed by
21 the transportation staff and the City Engineer. The City Engineer is recommending
22 approval of all. See "Exhibit 14" for transportation staff analysis and reasons for
23 support.

24 4. Characteristics of the Area. The subdivision is surrounded by detached
25 single-family homes or vacant lands, all zoned R5, except to the north, which is
26 unincorporated King County

27 5. Adverse Impacts. As conditioned, there are no significant adverse impacts
28 associated with the proposal. More specifically, impacts are addressed as follows:

29 A. Critical Areas. There are no wetlands or streams located on the project
30 site. Isolated Critical Landslide or Erosion Hazard areas have been
31 identified on the project Site. The overall average slope gradient is
32 approximately 30%, with isolated areas in excess of 40%, with a

1 maximum local gradient of approximately 45% located in an isolated area
2 approximately 880 square feet in area. A geotechnical report, Ex. 12, has
3 been prepared to assess project impacts to the geologically hazardous
4 areas. The geotechnical report did not anticipate that the project and
5 associated construction activity will increase the potential for soil
6 instability provided the recommendations of the report are followed. The
7 project site is not in a floodplain. No state or federal candidate threatened
or endangered plant and animal species has been identified on the project
site. The project site is not located within any shoreline designation. The
project site is located in Groundwater Protection Zone 4, requiring
implementation of best management practices for water resource
protection per ACC 16.10.120(E)(2).

- 8 B. Drainage. Stormwater management, drainage, and erosion control will be
9 adequately addressed via compliance with City stormwater standards,
10 specifically including but not limited to the City's 2009 Surface Water
11 Management Manual (SWMM), the ACC 13.48 Storm Drainage Utility,
12 and ACC 15.74 Land Clearing, Filling, and Grading.

13 A wetland and unidentified stream are located to the south of the project
14 site. The easternmost portion of the project site drains to the south and
15 into this wetland/stream complex. There are no surface water inputs from
16 the project site to the off-site wetland/stream complex other than sheet
17 flow. At the completion of the project all run-off and stormwater
18 generated on-site will be diverted to a stormwater detention facility
19 located in the southwest corner of the project site. The result of the
diversion will create a slight decrease in area within the contributing basin
(168.8 acres decreased to 160.39 acres). However, based on the large
quantity of water that will continue to move through the basin, and
therefore into the wetland/stream complex, the hydrology within the
system will be maintained. The 5% reduction of the contributing basin is
not expected to negatively impact the wetland/stream complex, nor is it
expected to cause significant adverse impacts downstream.

- 20 6. Adequacy of Infrastructure and Public Services. The proposal will be adequately
21 served by public infrastructure. Drainage has already been addressed under adverse
22 impacts above. In general, the streets, sidewalks, storm drainage facilities, and sewer
23 mains will be required to meet the City's Design Standards during engineering review
24 and shall be required to meet and implement those standards prior to final plat
approval. These facilities will be reviewed as part of the facility extension, grading,
and civil plans to be submitted by the Applicant. The following more specifically
addresses other infrastructure and services:

- 25 A. Water and Sewer. Water and sewer service is available from Lakehaven
Utility District. The certificates of water availability provided by the

applicant only warrant water for 94 lots. The conditions of approval require the applicant to acquire certificates for the 154 lots.

- B. Transportation. The City's Transportation Division has reviewed the proposal for traffic impacts and found that the final project design adequately addresses all traffic impacts. With one exception, the proposal is found to not create any significant adverse traffic impacts. It is recognized that the residents of the area find traffic to already be too congested. However, what constitutes an acceptable level of congestion is set by the City's adopted level of service ("LOS") standards. With one exception, as detailed in the traffic report prepared by the applicant, Ex. 13 (reviewed and approved by the City's Transportation Division), the proposal will not lower LOS for any affected intersections below the minimum LOS set by the City Council.

The one exception referenced in the previous paragraph is an intersection that will fall below minimum LOS as a result of the proposed subdivision. According to the traffic report prepared by the applicant, the westbound leg of the 51st Ave S/S 316th St intersection operated at LOS D in 2013. In 2016 it will continue to have an LOS D without the proposed preliminary plat, but will drop to LOS E with the proposed preliminary plat. TR-20 of the Auburn Comprehensive Transportation Plan imposes an LOS D for this type of intersection. TR-19 requires that "*new development shall not be allowed when the impacts of the new development on the transportation system degrades the LOS to below the adopted LOS standard...*" . However, TR-20 further elaborates that for two way and all way stop controlled intersections (such as the 51st Ave S/S 316th St intersection) that "*if LOS falls below the standard [D], analysis and mitigation may be required in a manner commensurate with the associated impacts.*" Staff requested the applicant to prepare an addendum addressing the impacts to the 51st Ave S/S 316th intersection. The addendum notes that staff and the applicant came to agreement that lowering the LOS to E would be acceptable since the impacts of the proposal were very minor, adding only nine p.m. trips to the intersection. Given the minor nature of the impact, it was apparently concluded that the "commensurate" mitigation was no mitigation.

The somewhat cavalier treatment that has been afforded to the LOS violation at the 51st Ave S/S 316th St intersection is not justified for this project. Compliance with adopted transportation LOS standards is one of the most important requirements of the Growth Management Act, which requires cities and counties to adopt LOS standards for transportation facilities along with ordinances that "*...prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the transportation plan, ...*" See RCW 36.70A.070(6)(b)(referred to as GMA concurrency). As noted in the preceding paragraph, TR-20 provides for some flexibility in the

1 application of the City's LOS standard for the 51st Ave S/S 316th St
2 intersection, but the strict requirements of the GMA call for a strict
3 application of the TR-20 language. Staff and the applicant apparently take the
4 position that a developer can violate LOS any time they pay their
5 proportionate share of traffic impacts and they don't have to do anything if the
6 impact is minor. Such a position would render the GMA concurrency
7 requirement meaningless, since developers are already required to pay for
8 their proportionate share of impacts unless the impact is minor.

9 At the very least, if a development violates GMA concurrency, the proposal
10 should be mitigated to the maximum extent reasonable to prevent the
11 violation. That hasn't been done here. The concurrency violation can likely
12 be entirely avoided by denying the requested rezone to R7 as outlined in the
13 examiner's rezone recommendation. As discussed in the traffic study
14 addendum, the proposed preliminary plat only contributes nine p.m. trips to
15 the 51st Ave S/S 316th St intersection, yet this contribution is enough to make
16 the difference between LOS D and LOS E. The proposed rezone will add 19
17 single-family homes to the project site, which presumably will be more than
18 enough to account for nine p.m. trips at the 51st Ave S/S 316th St intersection.
19 It appears likely that denial of the rezone will prevent the project from
20 violating concurrency. Even if it doesn't the rezone should still be denied to
21 minimize the violation. If the City Council approves the rezone, then the
22 density of the proposal should be reduced if doing so can avoid violating
23 concurrency while also still satisfying the minimum 5 dwelling unit per acre
24 density requirement of the R7 zone.

25 On another transportation issue, Mr. Vinton raises valid concerns over the
proximity of the proposed realignment of 46th Ave to his home (described in
more detail in FN No. 1 of the Assemblage rezone recommendation, REZ13-
0003). However, the applicant's nexus to this improvement is too remote to
impose any mitigation. The applicant is only dedicating right of way for an
improvement that may or may not be built by the City at some time in the
future. A city transportation engineer noted that the City would address the
impacts to Mr. Vinton when it designed the realignment. The City's position
on this issue is noted for the record.

- 21 C. Sidewalks. Sidewalks will be provided on both sides of all proposed roads
22 and on the side of access tracts that provide access to the homes to provide
23 pedestrian access and connectivity.
- 24 D. Schools. Adequate provisions for schools are made through the payment of
25 school impact fees at the time of Building Permit issuance for each lot, unless
deferred.
- E. Parks. Adequate provisions for parks are made through the payment of park
impact fees at the time of Building Permit issuance for each lot unless

deferred. The proposed Project of 154 lots does trigger the need for dedication of park land per ACC 17.14.100; however, Daryl Faber, Director of Parks and Recreation has stated a payment of impact fees is acceptable in lieu of park land dedication.

- F. Police and Fire Protection. Police and Fire services will serve the proposed development and will be provided by the Valley Regional Fire Authority and the City of Auburn Police Department.

CONCLUSIONS OF LAW

Procedural:

1. Authority of Hearing Examiner. ACC 17.10.050 grants the Hearing Examiner with the authority to review and make a final decision on an application for preliminary plat. ACC 17.18.010(A) grants the Hearing Examiner with the authority to approve modifications to the City's Design Standards with the concurrence of the City Engineer.

Substantive:

2. Zoning Designation. R-5 Residential with a rezone application to R7 pending.
3. Review Criteria and Application. ACC 17.06.070 governs the criteria for preliminary plat approval. ACC 17.18.030 governs the criteria for Design Standard deviations. Relevant criteria are quoted below with corresponding conclusions of law.

Preliminary Plat Standards:

ACC 17.07.070(A): *Adequate provisions are made for the public health, safety and general welfare and for open spaces, drainage ways, streets, alleys, other public ways, water supplies, sanitary wastes, parks, playgrounds and sites for schools and school grounds.*

4. As identified in Finding of Fact No. 5 and 6, the proposal is adequately served by all public services and utilities required in the criterion above. As further determined in Finding of Fact No. 5 there are no adverse impacts associated with the proposal. Given the absence of any adverse impacts in conjunction with adequate public facilities, it is concluded that adequate provision is made for the public health, safety and welfare.

1 **ACC 17.07.070(B):** *Conformance of the proposed subdivision to the general*
2 *purposes of the Comprehensive Plan.*

3 5. The staff's analysis of consistency with the comprehensive plan at pages 8-10 of
4 the staff report is adopted and incorporated by this reference as if set forth in full,
5 except for any portions addressing traffic impacts.

6 **ACC 17.07.070(C):** *Conformance of the proposed subdivision to the general*
7 *purposes of any other applicable policies or plans that have been adopted by the City*
8 *Council.*

9 6. The staff's analysis of consistency with any other applicable plans or policies at
10 pages 10-13 of the staff report is adopted and incorporated by this reference as if set
11 forth in full except for any provisions pertaining to transportation LOS.

12 **ACC 17.07.070(D):** *Conformance of the proposed subdivision to the general*
13 *purposes of the Land Division Ordinance as enumerated in ACC Section 17.02.030.*

14 **ACC 17.02.030:** *The purpose of this title is to regulate the division of land lying*
15 *within the corporate limits of the city, and to promote the public health, safety and*
16 *general welfare and prevent or abate public nuisances in accordance with standards*
17 *established by the state and the city, and to:*

- 18 A. *Prevent the overcrowding of land;*
19 B. *Lessen congestion and promote safe and convenient travel by the public on*
20 *streets and highways;*
21 C. *Promote the effective use of land;*
22 D. *Provide for adequate light and air;*
23 E. *Facilitate adequate provision for water, sewerage, drainage, parks and*
24 *recreational areas, sites for schools and school grounds, and other public*
25 *requirements;*
26 F. *Provide for proper ingress and egress;*
27 G. *Provide for the expeditious review and approval of proposed land divisions*
28 *which comply with this title, the Auburn zoning ordinance, other city plans, policies*
29 *and land use controls, and Chapter 58.17 RCW;*
30 H. *Adequately provide for the housing and commercial needs of the citizens of the*
31 *state and city;*
32 I. *Require uniform monumenting of land divisions and conveyance by accurate*
33 *legal description;*
34 J. *Implement the goals, objectives and policies of the Auburn comprehensive*
35 *plan;*
36 K. *Prevent or abate public nuisances.*

37 7. The proposal is consistent with the purposes of the Land Division Ordinance as
38 enumerated above. The roads designed for the proposal are safely designed to meet
39 traffic demand and sidewalks on both sides of the subdivision street promote

pedestrian safety. Applicable zoning setbacks provide for adequate light and air. The proposal does not result in overcrowding as it proposes a density within the range allowed by the underlying zone. As previously discussed, the proposal is consistent with and implements the Auburn Comprehensive Plan. As previously determined the proposal is adequately served by all essential public facilities and it is consistent with the comprehensive plan. As conditioned the final plat development will require uniform monumenting of new lots and conveyance by accurate legal description.

ACC 17.07.070(E): *Conformance of the proposed subdivision to the Auburn Zoning Ordinance and any other applicable planning or engineering standards and specifications as adopted by the City.*

8. The proposed proposal meets the bulk and dimensional standards of the R7 district. As determined in FOF No. 3 the lots are designed to meet the following R7 requirements:

- Minimum lot width of 40 feet
- Minimum lot size of 4,300 square feet.
- Minimum average lot area of 6,000 square feet.
- The future single family residences will be required to meet the minimum setbacks and lot coverage for the R7 district during building permit review.

Engineering standards will be met during engineering review prior to final plat approval. City staff have reviewed preliminary plans for traffic, utilities and storm drainage and found them to be compliant with City standards.

ACC 17.07.070(F): *The potential environmental impacts of the proposed subdivision are mitigated such that the preliminary plat will not have an unacceptable adverse effect upon the quality of the environment.*

9. As determined in Finding of Fact No. 5 there are no significant adverse impacts associated with the proposal.

ACC 17.07.070(G): *Adequate provisions are made so the preliminary plat will prevent or abate public nuisances.*

10. As determined in Finding of Fact No. 5, there are no significant adverse impacts associated with the proposal. Consequently, no public nuisance is anticipated.

DEVIATIONS (Conclusions include findings of fact)

ACC 17.18.030(A): *Such modification is necessary because of special circumstances related to the size shape topography location or surroundings of the subject property to provide the owner with development rights and privileges*

permitted to other properties in the vicinity and in the zoning district in which the subject property is located.

ACC 17.18.030(B): *That because of such special circumstances the development of the property in strict conformity with the provision of this title will not allow a reasonable and harmonious use of the property.*

ACC 17.18.030(C): *That the modification if granted will not alter the character of the neighborhood or be detrimental to surrounding properties in which the property is located*

ACC 17.18.030(D): *Such modification will not be materially detrimental to the implementation of the policies and objectives of the comprehensive land use circulation and utility plans of the city*

ACC 17.18.030(E): *Literal interpretation of the provisions of this title would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district.*

ACC 17.18.030(F): *The approval of the modification will be consistent with the purpose of this title*

ACC 17.18.030(G): *The modification cannot lessen the requirements of the zoning ordinance.*

11. The requested deviations identified in Finding of Fact No. 3 are concluded to comply with the standards above for the reasons identified in Ex. 14, adopted and incorporated by this reference as if set forth in full.

DECISION

The proposed preliminary plat, as described in this decision and in Ex. 4, as well as the street standard deviations identified in Finding of Fact No, 3, are approved subject to the following conditions:

1. Approval is premised on the City Council approval of REZ13-0003. If the City Council does not approve the rezone, City staff shall determine what review process is necessary to authorize design changes necessary to accommodate the resulting reduction in density if the applicant chooses to proceed with its application.

2. If the City Council approves REZ13-0003, staff shall investigate whether a reduction in density within the densities permitted in the R7 zone could avoid the violation of concurrency for the 51st Ave S/S 316th St intersection. If the concurrency violation can be avoided by reducing density, the density of the project shall be

reduced accordingly and staff shall determine what review process is necessary to approve the resulting changes in plat design.

3. The lot width of Lot 113 (39 feet) is below the minimum standard as required by Auburn City Code (ACC) 18.07.030, and shall be corrected to meet the minimum standard of 40 feet.

4. The ROW vacation request must have approval action by the Auburn City Council and a temporary construction easement granted by the Mayor prior to any permit approvals being issued for ground-disturbing work.

5. The Applicant shall obtain a Forestry Practices Permit from the Department of Natural Resources prior to the issuance of any permit approvals for ground-disturbing work.

6. The 10% Administrative Deviation (CA014-0001) is approved by the Planning Director per ACC 16.10.160, prior to any permit approvals for ground-disturbing work.

7. Applicant shall provide revised Certificates of Water and Sewer Availability showing availability for 154 lots as opposed to the 94 lots as provided on the Certificates provided.

8. Prior to issuance of clearing or grading permits, a grading plan for grading and clearing necessary for both the construction of infrastructure such as roads and utilities and for lot grading shall be prepared, submitted and approved by the City of Auburn. The plan shall identify the surveyed boundary and classification of all Critical Landslide Hazard areas proposed to be altered. This plan shall show quantities and locations of excavations, and embankments, the design of temporary storm drainage detention system, and methods of preventing drainage, erosion and sedimentation from impacting adjacent properties, natural and public storm drainage systems and other nearby sensitive areas. All the measures shall be implemented prior to beginning phased on- site filling, grading or construction activities. The Applicant's grading plans shall be prepared in conjunction with and reviewed by a licensed geotechnical engineer. The geotechnical engineer shall develop and submit, for the City's review, specific recommendations to mitigate grading activities with particular attention to developing a plan to minimize the extent and time soils are exposed on site and address grading and related activities during wet weather periods and whether seasonal construction limitations may be appropriate (the period of greatest concern is October 1 through March 31). The plans shall show the type and the extent of geologic hazard area or any other critical areas as required in chapters 16, and 18 of the International Building Code (IBC).

9. A complete Stormwater Site Plan meeting all requirements of the 2009 City of Auburn Surface Water Management Manual (SWMM) will be required as part of the Facilities Extension Agreement (FAC), submittal. Additionally, the following

1 information shall be provided as part of the FAC submittal: Operation and
2 Maintenance, Construction Stormwater Pollution Prevention, and Pollution Source
3 Control.

4 10. A Final Wetland Mitigation plan shall be submitted and approved by the City as
5 a part of the FAC process. The Final Wetland Mitigation plan shall contain the
6 information required by ACC 16.10.090 through ACC 16.10.130. Mill Creek and
7 any associated wetlands within 150 feet upstream and downstream of the proposed
8 outfall shall be delineated and shown on the Final Wetland Mitigation Plan. The
9 information also needs to include the stream class for Mill Creek, categorize any
10 wetlands within this area, show associated buffers, and provide a functions and
11 values analysis of the area affected by the proposed stormwater outfall.

12 11. Pursuant to ACC 16.10.130.8, a performance and maintenance security is
13 required upon approval of the Final Mitigation Plan. The amount of the financial
14 security shall equal one hundred twenty-five percent (125%) of the cost of the
15 mitigation project for the length of the monitoring period.

16 12. Applicant shall contact King County and obtain all appropriate King County
17 approvals for the portion of the proposed outfall conveyance pipe located on King
18 County property.

19 13. The proposed off-site stormwater outfall system at the discharge location at Mill
20 Creek shall be designed per 3.5 of the SWMM as appropriate for the design flow
21 discharge velocity. Additional consideration for energy dissipation during
22 high flow events and overflow conditions will need to be demonstrated with the
23 outfall design as part of the FAC review.

24 14. To address known capacity issues within Mill Creek adjacent to SR-167 at the
25 bottom of the hill downstream of the project site, a quantitative downstream
analysis will be required to demonstrate that the proposed stormwater discharge
from this project will not further impact the existing drainage issues downstream.

15 15. The downstream discharge from the detention pond is proposed to include an
16 above ground conveyance system along the right-of-way of 46th Avenue South
17 down slopes approximately 35%. Per 3.4.1 of Volume III of the SWMM, pipes with
18 slopes greater than 30% will need to be ductile iron or HOPE material and
19 include appropriate anchor spacing and design. HOPE piping proposed above
20 ground will also require design demonstrating thermal expansion concerns of pipe
21 material will be properly addressed. Ductile Iron will most likely not be appropriate
22 for the steep slope due to the weight of the pipe.

23 16. Further demonstration that the proposed discharge pipe down the critical hazard
24 slope areas can feasibly be constructed with minimal impact and no alteration of
25 existing slopes shall be provided as part of the FAC review. Demonstration of
feasibility should include geotechnical evaluation of the existing soil types, soil

properties, groundwater conditions, potential for seepage, and stability of slopes both during construction and after. Safety measures to protect workers, adjacent property, vehicles, and pedestrians should be specified during construction on the critical slope areas. Worker, equipment, and material access should also be evaluated to demonstrate feasibility.

17. The ROW area along Peasley Canyon where the stormwater discharge is proposed and the downstream conveyance through Mill Creek is in King County's jurisdiction and may require County permits. The applicant will need to coordinate with the County and obtain all relevant permits prior to City approval.

18. A quantitative off-site analysis will need to be provided to demonstrate that the downstream conveyance system beyond the Mill Creek discharge point has capacity for the proposed discharge flows. The existing drainage course along Mill Creek includes several culvert crossings. Existing culvert size, condition, flows, and capacity will need to be evaluated.

19. Prior to City approval of the FAG, the plat construction drawings shall show the location of fire hydrants for Fire Agency operations. Final fire hydrant locations shall be approved by the Fire Marshal.

20. Tree planting detail will be provided for trees planted in the ROW per "Traffic-14" in the City of Auburn Engineering Construction Manual as part of the FAG submittal.

21. ADA compliant ramps shall be provided at all "T" intersections associated with the project.

22. Final street lighting, signage, roadway striping, and mailbox locations shall be provided as part of the FAG submittal.

23. "No parking" signs shall be posted along both sides of the street for the entire length of Road E, and for the portion of Road C located north of Road B. Location of and type of posting shall be provided as part of the FAG submittal.

24. "No Parking" signs shall be posted along one side of the street for the portion of Road C south of Road B, and for the entire length of Road D. Location of and type of posting shall be provided as part of the FAG submittal.

25. "No Parking" signs shall be posted in all cui-de-sacs. Location of and type of posting shall be provided as part of the FAG submittal.

26. The sidewalks in Tract H and Q are required to be extended to the end of the Tract.

27. Additional ROW dedication shall be provided to allow the future curved road

alignment for 46th Place South adjacent to Tract R.

28. The connection of Road E to 46th Place South triggers the need for half-street frontage improvements, which shall be provided for along the portion of 46th Place South that is located adjacent to Tract O and Tract I.

29. The portion of property located east of Lot 46 shall be dedicated as ROW.

30. The connection of Road E to 51st Avenue South triggers a need for frontage improvements. A deferral request for these improvements can be provided for review and approval as part of the FAC process.

31. Tract S shall be removed from the ROW dedication for the future realignment of 46th Place South.

32. Groundwater protection measures and mitigation will be implemented to the extent required by ACC 16.10.120(E)(2).

33. The subdivision shall include uniform monumenting of land divisions and conveyance by accurate legal description as required by ACC 17.02.030(1).

Dated this 15th day of July, 2014.

ORDINANCE NO. 6 6 2 3

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF AUBURN, WASHINGTON, APPROVING THE FINAL PLAT OF CANYON CREEK AT PEASLEY – DIVISION 2

WHEREAS, the City of Auburn received a final plat application for the Plat of Canyon Creek at Peasley – Division 2, Application No. PLT16-0004, the final approval of which is appropriate for City Council Action; and

WHEREAS, based on the review given this Plat by the City, the City Council hereby makes and enters the following:

FINDINGS OF FACT

1. Peasley Canyon Homes, LLC has made application for the Final Plat of “Canyon Creek at Peasley – Division 2”.
2. The Preliminary Plat of “Canyon Creek at Peasley” (PLT13-0006) [originally known as “Auburn Assemblage”] was approved by the City’s Hearing Examiner on July 15, 2014, as a single phase.
3. The Plat of “Canyon Creek at Peasley” will be developed in two phases with “Canyon Creek at Peasley – Division 2” being the second and final phase.
4. The Plat of “Canyon Creek at Peasley – Division 1” has been developed in accordance with all applicable conditions of the Preliminary Plat.
5. A Certificate of Improvements has been issued by the City Engineer.

CONCLUSIONS OF LAW

1. The Final Plat is in compliance and in conformity with applicable Zoning and Land Division Ordinances and other applicable land use controls.
2. The Final Plat of “Canyon Creek at Peasley – Division 2” is consistent with the Comprehensive Plan.
3. The Plat meets the requirements of Chapter 58.17 RCW.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF AUBURN,
WASHINGTON, HEREBY RESOLVES AS FOLLOWS:

Section 1. Approval. Canyon Creek at Peasley – Division 2, a
subdivision involving property located within the City of Auburn, Washington,
which plat is legally described on Sheet 1 of 9 of the Final Plat and set forth
below:

TRACTS N AND O, CANYON CREEK AT PEASLEY-DIVISION 1,
ACCORDING TO THE PLAT THEREOF RECORDED IN VOLUME
273 OF PLATS, PAGES 2-12, INCLUSIVE, IN KING COUNTY,
WASHINGTON.

[King County Tax Parcel Nos. 133205-0910, 133205-0920]

is hereby approved, and deemed to conform to the requirements for Plat
approval pursuant to State and local law and Chapter 58.17 of the Revised Code
of Washington and Section 58.17.140 thereof.

Section 2. Constitutionality or Invalidity. If any section, subsection
clause or phase of this Ordinance is for any reason held to be invalid or
unconstitutional such invalidity or unconstitutionality shall not affect the validity or
constitutionality of the remaining portions of this Ordinance, as it is being hereby
expressly declared that this Ordinance and each section, subsection, sentence,
clause and phrase hereof would have been prepared, proposed, adopted and
approved and ratified irrespective of the fact that any one or more section,
subsection, sentence, clause or phrase be declared invalid or unconstitutional.

Section 3. Recordation. Upon the passage, approval and publication of
this Ordinance as provided by law, the City Clerk of the City of Auburn shall

cause this Ordinance to be recorded in the office of the King County Auditor's Division.

Section 4. Implementation. The Mayor is hereby authorized to implement such administrative procedures as may be necessary to carry out the directions of this legislation.

Section 5. Effective Date. This ordinance shall take effect and be in force five (5) days from and after its passage, approval and publication, as provided by law.

Administrative Recommendation:

City Council review Ordinance No. 6622.

Background Summary:

In September 2015, the Public Works Department applied for a Drinking Water State Revolving Fund (DWSRF) loan to construct a new 24-inch diameter water main crossing underneath the White River, parallel to the existing steel main.

The State Public Works Board notified the City in January 2016 that the project was approved for funding. Auburn project ranked 17th out of 31 approved projects. The loan is for \$1,353,400.00 at a 1.5% interest rate. A non-refundable 1% loan fee (\$13,400.00) is due upon execution of the contract. The loan funds are federal, and are subject to both state and federal requirements. The City's project managers are experienced with these requirements, since many City projects are federally funded. The Legislature approved the loan during the 2016 regular session.

The loan has a 10 year repayment schedule.

Public Works will be presenting a brief power point with maps and pictures of the site.

Coal Creek Springs is the City's largest water source and is located south of the White River. The Coal Creek Springs transmission main conveys water under the White River to the City's storage reservoirs and water system on the north side of the river. The transmission main was installed in the 1920s and was constructed of welded steel and wood. The wood stave main was replaced with concrete cylinder pipe in 1964. Approximately 870 feet of steel main crossing the White River was not replaced. The steel main is now reaching the end of its useful life and requires replacement. Failure

of this main would prevent the City from using its largest water supply source, which currently provides over 60% of the City's drinking water.

This project will include:

- Constructing a new 24-inch diameter water main crossing underneath the White River, parallel to the existing steel main.
- Evaluating the integrity of the existing steel main, and lining approximately 450 feet of main to provide a reliable, redundant river crossing.
- Constructing a casing parallel to the new river crossing to provide 8-inch water main and utility conduit to Game Farm Wilderness Park on the south side of the White River.

The entire project is located within park land owned by the City, and construction activities will be near Muckleshoot Indian Tribe (MIT) lands. Recognizing the potential impacts to this environmentally sensitive location, completion of cultural, historical and environmental reviews will be an important component of the design phase.

ORDINANCE NO. 6 6 2 2

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF AUBURN, WASHINGTON, AUTHORIZING MUNICIPAL INDEBTEDNESS AND APPROVING THE DRINKING WATER STATE REVOLVING FUND LOAN AGREEMENT FOR COAL CREEK SPRINGS TRANSMISSION MAIN REPLACEMENT

WHEREAS, the City of Auburn ("City"), Washington, operates a water supply and distribution system ("Water System"), sanitary sewage system ("Sewer System"), and stormwater drainage system ("Stormwater System," and together, the "System"), and provides drinking water to its customers within its water service area from its own water supplies; and

WHEREAS, Coal Creek Springs ("CCS") is the City's largest source of supply, accounting for approximately 60 percent of the total water produced for the City; and

WHEREAS, water from CCS is conveyed to Auburn's Howard Road Corrosion Control Facility and then to the water distribution system through a 2-mile long, 24-inch diameter pipe that was constructed in 1964 ("CCS Transmission Main"); and

WHEREAS, approximately 1,000 feet of the CCS Transmission Main consists of steel pipe originally constructed in 1925 that crosses under the White River; and

WHEREAS, a 2014 evaluation of the CCS Transmission Main identified concerns about the structural integrity of the steel pipe under the White River, and failure of the CCS Transmission Main would be catastrophic for the City's water supply; and

WHEREAS, the City intends to construct a second, parallel transmission pipeline under the White River as described in the City's Comprehensive Water Plan (October 2015), and then rehabilitate the existing steel Transmission Main to improve its structural integrity and prevent leaks; and

WHEREAS, the City applied for and received approval from the Washington State Public Works Board ("Board") for a Drinking Water State Revolving Fund loan (Loan No. DM16-952-046) to provide partial funding for the project entitled "Coal Creek Springs Transmission Main Replacement" (the "CCS Project"); and

WHEREAS, the City has issued and may issue from time to time in the future certain utility system revenue bonds payable from and secured by a lien on Net Revenue of the System and ULID Assessments (as such terms are defined in Ordinance No. 6451 passed by the City Council on February 19, 2013) (together, "Senior Lien Bonds"); and

WHEREAS, the ordinances authorizing the issuance of the outstanding Senior Lien Bonds authorize the City to issue, deliver and/or enter into other obligations payable from and secured by a lien on the Net Revenue of the System that is junior to the lien on such revenues securing the payment of the Senior Lien Bonds; and

WHEREAS, it is in the best interest of the City to enter into a contract with the Board for a subordinate lien loan to finance the CCS Project as provided herein;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF AUBURN, WASHINGTON, HEREBY DO ORDAIN as follows:

Section 1. Authorization. That the Mayor is hereby authorized to execute, on behalf of the City, a Capital Agreement between the City and the Board ("Agreement") for a Drinking Water State Revolving Fund loan (Loan No. DM16-952-046) ("Loan") for the CCS Project in accordance with the terms and provisions set forth the Agreement affixed hereto, together with its Attachments, collectively marked as Exhibit "A" and incorporated herein by this reference.

Section 2. Security and Payment. The Loan shall be a special revenue obligation of the City payable solely from available revenues of the Water System. The Loan shall bear interest, be payable, and be subject to prepayment as set forth in the Agreement. The City hereby authorizes the creation of a special fund or account of the City to be used for the payment of principal of and interest on the Loan ("Loan Fund"). As long as the Loan remains outstanding, the City hereby irrevocably obligates and binds itself to set aside and pay from revenue of the Water System into the Loan Fund those amounts necessary, together with such other funds as are on hand and legally available, to pay the principal of and interest on the Loan as it becomes due and payable.

The amounts pledged to be paid into the Loan Fund shall be a prior lien on revenue of the Water System subject only to (a) the payment of Maintenance and Operation Expense of the System, (b) the payment of the principal of and interest on any revenue bonds, notes, warrants or other obligations of the System having a lien on Net Revenue, including but not limited to Senior Lien Bonds, and (c) the City's other obligations under the ordinances authorizing the Senior Lien Bonds in accordance with the priority of payments set forth therein. The Loan shall be payable solely from the revenue of the Water System and shall not be a general obligation of the City.

Section 3. Administrative Implementation. That the Mayor is authorized to implement such administrative procedures as may be necessary to carry out the directives of this legislation.

Section 4. Severability. The provisions of this ordinance are declared to be separate and severable. The invalidity of any clause, sentence, paragraph, section or

portion of this ordinance, or the invalidity of the application thereof to any person or circumstance shall not affect the validity of the remainder of this ordinance, or the validity of its application to other persons or circumstances.

Section 5. Effective date. This Ordinance shall take effect and be in force five days from and after its passage, approval and publication as provided by law.

SPECIAL TERMS AND CONDITIONS GOVERNING THIS LOAN AGREEMENT

The following sections of this contract are hereby deleted:

Section 2.2 - ADMINISTRATIVE COST ALLOCATION (final sentence): "An approved current federal indirect cost rate may be applied up to the maximum administrative budget allowed".

Section 2.24. - INDIRECT COSTS (entire section).

LOAN SECURITY CONDITION GOVERNING THIS LOAN AGREEMENT

This loan is a revenue obligation of the Contractor payable solely from the net revenue of the Water system. Payments shall be made from the net revenue of the utility after the payment of the principal and interest on any revenue bonds, notes, warrants or other obligations of the utility having a lien on that net revenue. As used here, "net revenue" means gross revenue minus expenses of maintenance and operations. The Board grants the Contractor the right to issue future bonds and notes that constitute a lien and charge on net revenue superior to the lien and charge of this loan Contract. This option may be used only if the entire project is a domestic water, sanitary sewer, storm sewer, or solid waste utility project.

CONTRACT TERMS AND CONDITIONS

DRINKING WATER STATE REVOLVING FUND NEW TRADITIONAL (MUNICIPAL)

Part 1. SPECIAL TERMS AND CONDITIONS

1.1. DEFINITIONS

As used throughout this Drinking Water State Revolving Fund Loan Contract, the following terms shall have the meaning set forth below:

- A. AWARD YEAR shall mean the calendar year in which the funds were awarded to the Board for use in making loans under this program.
- B. "Board" shall mean the Washington State Public Works Board created in Revised Code of Washington (RCW) 43.155.030, and who is a Party to the Contract.
- C. "Contract" shall mean this Drinking Water State Revolving Fund Loan.
- D. "Contractor" shall mean the Local Government identified on the Contract Face Sheet performing service(s) under this Contract and who is a Party to the Contract, and shall include all employees and agents of the Contractor.
- E. The "Contract End Date" shall mean the date the contract expires. This date shall occur in the final year of the LOAN TERM unless otherwise amended, as counted from the AWARD YEAR. The actual date of contract execution shall have no effect on the Contract End Date.
- F. "Deferral Period" shall be from the date of contract execution until the date of project completion. The Deferral Period shall not exceed 4 years in length.
- G. "Department of Commerce" and "Commerce" shall mean the Washington State Department of Commerce.
- H. "Department of Health" shall mean the Washington State Department of Health, Office of Drinking Water, who is the recipient of the Drinking Water State Revolving Fund grant and regulates drinking water systems in the State of Washington.
- I. "Iron and steel products" are the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials.
- J. PAYMENT MONTH shall mean the day and month of the year in which payments are due.

1.2. AUTHORITY

Acting under the authority of RCW 70.119A.170 and RCW 43.155.040, the Board has awarded the Contractor a Drinking Water State Revolving Fund loan for an approved project. The Contractor will be a sub-recipient of funds provided by the United States Environmental Protection Agency, CFDA Number 66.468, Title: Safe Drinking Water State Revolving Fund, award year of this contract.

1.3. PURPOSE

The Board and the Contractor have entered into this Contract to undertake a local project that furthers the goals and objectives of the Drinking Water State Revolving Fund Loan Program. The project will be undertaken by the Contractor and will include the activities described in the SCOPE OF WORK shown on the Declarations page. The project must be undertaken in accordance with the loan Program Special Terms and Conditions and all applicable federal, state and local laws and ordinances, including but not limited to those specifically enumerated in Attachment II: Federal and State Requirements, which by this reference are incorporated into this Contract as though set forth fully herein.

1.4. ORDER OF PRECEDENCE

In the event of an inconsistency in this Contract, the inconsistency shall be resolved by giving precedence in the following order:

- A. Applicable federal and State of Washington statutes and regulations.
- B. Special Terms and Conditions including attachments.
- C. General Terms and Conditions.

1.5. AMOUNT OF LOAN

The Board, using funds appropriated from the Drinking Water Assistance Account, shall loan the Contractor a sum not to exceed the amount shown as LOAN AMOUNT on the attached Declarations Page. This loan amount includes a loan fee, if applicable, which is shown on the Declarations Page as LOAN FEE.

1.6. LOAN FEE

If the loan fee applies, it will be assessed at loan execution.

The amount of the loan fee (if applicable) represents one percent (1%) of the loan request and shall not be reduced, regardless of the actual final loan amount at project completion. If the loan fee applies and the total loan amount is increased by amendment, an additional loan fee equal to one percent (1%) of the additional loan amount will be assessed at amendment execution. The amount of any loan fee will be displayed on the Declarations Page as LOAN FEE.

1.7. TERM OF LOAN

Unless otherwise amended, the term of the loan shall not exceed the period shown on the Declarations Page as LOAN TERM. The term shall start in the AWARD YEAR.

Except as herein provided, under no circumstances shall the loan repayment period exceed 20 years from the contract execution date.

The loan term may be extended for a disadvantaged community up to 30 years, provided that a recipient completes loan repayment no later than 30 years after project completion and the term of the loan does not exceed the expected design life of the project.

1.8. RATE AND LOAN FORGIVENESS

The interest rate shall be the declared INTEREST RATE per annum on the outstanding principal balance, based on a three hundred and sixty (360) day year composed of twelve (12) thirty (30) day months. The amount of loan forgiveness (if applicable) shall be as stated on the attached Declarations Page, and identified therein as LOAN FORGIVENESS %.

If project is completed within 24 months of contract execution and includes the basic interest rate, the interest rate will be decreased to one percent (1.0%) at project completion. The calculation of interest rate will apply to the remaining payments beginning from the date the Project Completion report is certified.

This loan forgiveness shall be applied at project completion and shall apply to the lesser of the loan amount or the actual eligible costs and that declared percent on any accrued interest. The percent of loan forgiveness and interest rate shall not be changed, regardless of the actual cost of the project and the Affordability Index at project completion.

1.9. DISBURSEMENT OF LOAN PROCEEDS AND REQUIRED DOCUMENTATION

If funding or appropriation is not available at the time the Contractor submits a request for a loan disbursement, the issuance of a warrant will be delayed or suspended until such time funds become available. Therefore, subject to availability of funds, warrants shall be issued to the Contractor for payment of allowable expenses incurred by the Contractor while undertaking and administering approved project activities in accordance with the declared SCOPE OF WORK.

The loan funds will be disbursed to the Contractor as follows:

Ten percent (10%) of loan proceeds will be held until project completion. The total Drinking Water State Revolving Fund Loan shall not exceed one hundred percent (100%) of the actual eligible project costs.

When requesting reimbursement for costs incurred, the Contractor shall submit a signed and completed Invoice Voucher (Form A19), referencing the declared SCOPE OF WORK project activity performed, and any appropriate documentation such as bills, invoices, and receipts. The purchase of any land necessary and integral to the project must be included in the declared SCOPE OF WORK and be documented with an appraisal or other market valuation and a valid purchase and sale agreement. The Invoice Voucher must be certified by an official of the Contractor with authority to bind the Contractor.

Each A19 Reimbursement Voucher must be accompanied by a Project Status Report, which describes, in narrative form, the progress made on the project since the last invoice was submitted, as well as a report of project status to date. The Department of Commerce (Commerce) will not release payment for any reimbursement request received until the Project Status Report is received. After approving the Voucher and the Project Status Report, Commerce shall promptly release funds to the Contractor.

Construction expenses incurred after the date shown as EARLIEST DATE FOR CONSTRUCTION REIMBURSEMENT on the Declarations Page are eligible for reimbursement. Requests for reimbursements for costs related to construction activities will not be accepted until the Contractor has met the following conditions:

- A. Issued a Notice to Proceed which follows the formal award of a construction contract;
- B. Completed the State Environmental Review Process;
- C. Complied with all provisions of Section 106 of the National Historic Preservation Act of 1966;
- D. Complied with Section 1.19: Prevailing Wage;
- E. Obtained approval from the Department of Health of the project report and related construction documents for all applicable activities described in the declared SCOPE OF WORK; and
- F. Complied with any other loan conditions required by Department of Health or The Board.

An electronic copy (emailed PDF or a FAX) of a signed A19 Reimbursement Voucher and other required documentation is the preferred method for requesting reimbursement. Submit the electronic requests to your Federal Programs Unit (FPU) representative or fax to 360-586-8440. This electronic submittal may be 25 pages or less. If you choose to send your vouchers and backup documentation electronically, please DO NOT mail in the original. You will receive email notification from your FPU representative that the electronic request has been received.

Commerce will pay the Contractor upon acceptance of the work performed and receipt of properly completed invoices. Invoices may be submitted to Commerce not more often than monthly.

Payment shall be considered timely if made by Commerce within thirty (30) calendar days after receipt of properly completed invoices. Payment shall be sent to the address designated by the Contractor.

The Board may, at its sole discretion, withhold payments claimed by the Contractor for services rendered if the Contractor fails to satisfactorily comply with any term or condition of this contract.

No payments in advance or in anticipation of services or supplies to be provided under this contract shall be made by the Board.

In the event that the Contractor receives reimbursement for costs that are later determined by the Board to be ineligible, these funds shall be repaid to the Drinking Water Assistance Account by payment to the Department of Commerce, or its successor, together with the submission of the Project Completion Amendment.

At the time of project completion, the Contractor shall submit to the Board a Certified Project Completion Request certifying the total actual project costs, and a final voucher for the remaining eligible funds. The Certified Project Completion Request shall include a copy of the Construction Completion Report as submitted to Department of Health.

1.10. TIME OF PERFORMANCE

The Contractor shall begin the activities identified within the declared SCOPE OF WORK no later than thirty (30) days after Contract execution. No later than eighteen (18) months after Contract execution, the Contractor shall issue a 'Notice to Proceed', which follows the formal award of a construction contract.

The Contractor must reach project completion within the period specified on the Declarations Page as TIME OF PERFORMANCE.

Failure to meet Time of Performance within the time frame described in this section shall constitute default under this Contract, and as a result, this Contract may be terminated. In the event of extenuating circumstances, the Contractor may request, in writing, at least 90 days prior to the expiration of project completion date that the Board extend the deadline for project completion. The Board may extend the time of project completion.

1.11. PROJECT COMPLETION AMENDMENT AND THE CERTIFIED PROJECT COMPLETION REPORT

The Contractor shall initiate a Project Completion Amendment by submitting a Certified Project Completion Report when activities identified in the declared SCOPE OF WORK are complete and the Contractor agrees that no additional eligible costs will be reimbursed.

In the Project Completion Amendment, the Contractor will provide the following information to the Board:

- A. A certified statement of the actual dollar amounts spent, from all fund sources, in completing the project as described in the declared SCOPE OF WORK.
- B. Certification that all costs associated with the project have been incurred. Costs are incurred when goods and services are received and/or contract work is performed.
- C. A copy of the Department of Health Construction Completion Report as submitted to Department of Health.
- D. Evidence documenting compliance with audit requirements as referenced in Section 1.27.
- E. A final voucher for the remaining eligible funds.

The Project Completion Amendment shall serve as an amendment to this Contract determining the final loan amount and term of the loan.

1.12. REPAYMENT

An assistance recipient begins annual repayment of the loan no later than one year after contract execution. The first repayment installment is due on the first day of the month shown as PAYMENT MONTH on the Declarations Page. Interest only will be charged for this first payment if a draw is made prior to this date. All subsequent payments shall consist of principal and accrued interest due that month of each year during the remaining term of the loan.

Repayment of the loan under this Contract shall include the declared INTEREST RATE per annum. Interest will begin to accrue from the date each payment is issued to the Contractor. The final payment shall be on or before the completion of the declared LOAN TERM, payable on or before the declared PAYMENT MONTH of an amount sufficient to bring the loan balance to zero.

The Contractor has the right to repay the unpaid balance of the loan in full at any time or make accelerated payments without penalty.

The Contractor will repay the loan in accordance with the preceding conditions through the use of a check, money order, or equivalent means made payable to the Washington State Department of Commerce, or its successor.

1.13. DEFAULT IN REPAYMENT

Loan repayments shall be made in accordance with Section 1.12 of this Contract. A payment not received within thirty (30) days of the due date shall be declared delinquent. Delinquent payments shall be assessed a monthly penalty beginning on the first (1st) day past the due date. The penalty will be one percent (1%) per month or twelve percent (12%) per annum of the delinquent payment amount. These same penalty terms shall apply if the repayment of loan funds determined to be ineligible costs are not repaid within thirty (30) days as provided for in Section 1.9.

1.14. The Contractor acknowledges and agrees to the Board's right, upon delinquency in the payment of any annual installment, to notify any other entity, creditors, or potential creditors of the Contractor of such delinquency. Contractor shall be responsible for all legal fees incurred by the Board in any action undertaken to enforce its rights under this section.

LOAN SECURITY
Loan Security may be required as a performance condition of this contract. If such performance condition is required it shall be indicated on the attached Declarations Page and identified therein as LOAN SECURITY CONDITION.

The Board grants the Contractor the right to issue future bonds and notes that constitute a lien and charge on the revenue source superior to the lien and charge of this Loan Contract. Nothing in this section shall absolve the Contractor of its obligation to make loan repayments when due, and to adjust rates, fees, or surcharges, if necessary, to meet its obligations under this Contract.

1.15. HISTORICAL AND CULTURAL ARTIFACTS

The Contractor acknowledges that the project funded by this Contract is subject to Section 106 of the National Historic Preservation Act of 1966.

Contractor agrees that Contractor is legally and financially responsible for compliance with all laws, regulations, and agreements related to the preservation of historical or cultural artifacts and agrees to hold harmless the State of Washington in relation to any claim related to such historical or cultural artifacts discovered, disturbed, or damaged as a result of Contractor's public works project funded under this Contract.

The Contractor agrees that, in no case shall construction activities, ground disturbance, or excavation of any sort, begin until the Contractor has complied with all provisions of Section 106 of the National Historic Preservation Act of 1966, as amended.

In addition, the Contractor shall not conduct or authorize destructive project planning activities before completing compliance with Section 106 of the National Historic Preservation Act of 1966, as amended.

If historical or cultural artifacts are discovered during construction, the Contractor shall immediately stop construction and implement reasonable measures to protect the discovery site from further disturbance, take reasonable steps to ensure confidentiality of the discovery site, restrict access to the site, and notify the concerned tribe's cultural staff or committee, Tribal Historical Preservation Officer (THPO), Cultural Resources Program Manager at Washington State Department of Health, and the State's Historical Preservation Officer (SHPO) at the Washington State Department of Archaeology and Historic Preservation (DAHP). If human remains are uncovered, the Contractor shall report the presence and location of the remains to the coroner and local enforcement immediately, then contact the concerned tribe's cultural staff or committee and DAHP.

The Contractor shall require the above provisions to be contained in all contracts for work or services related to the declared SCOPE OF WORK. In no case shall construction activities begin until the Contractor has complied with all provisions of Section 106 of the National Historic Preservation Act of 1966.

In addition to the requirements set forth in this Contract, the Contractor agrees to comply with Native American Graves Protection and Repatriation Act, Archaeological Resources Protection Act, Revised Code of Washington (RCW) 27.44 regarding Indian Graves and Records; RCW 27.53 regarding Archaeological Sites and Resources; RCW 68.60 regarding Abandoned and Historic Cemeteries and Historic Graves; and Washington Administrative Code (WAC) 25-48 regarding Archaeological Excavation and Removal Permits.

1.16. FEDERAL AND STATE REQUIREMENTS

The Contractor assures compliance with all applicable federal, state and local laws, requirements, and ordinances as they pertain to the design, implementation, and administration of the approved project, including but not limited to those listed in Attachments II, III, and IV.

1.17. COMPETITIVE BIDDING REQUIREMENTS

Pursuant to 40 CFR, Section 33.501(b) and (c), the Contractor also agrees to create and maintain a bidders list for both Disadvantaged Business Enterprises (DBE) and Non-Disadvantaged Business Enterprises (non-DBE). The purpose of a bidders list is to provide the recipient and entities receiving identified loans who conduct competitive bidding with as accurate a database as possible about the universe of DBE and non-DBE prime and subcontractors. The list must include all firms that bid or quote on prime contracts or bid or quote subcontracts on Environmental Protection Agency assisted projects, including both DBE and non-DBE. The bidders list must be kept at least until the grant project period has expired and the recipient is no longer receiving Environmental Protection Agency funding under the grant. For entities receiving identified loans, the bidders list must only be kept until the project period for the identified loan has ended. The following information must be obtained from all prime and subcontractors: entity's name with point of contact; entity's mailing address, telephone number, and e-mail address; the procurement on which the entity bid or quoted, and when; and, entity's status as a DBE or non-DBE.

The Contractor agrees to provide Environmental Protection Agency Form 6100-2 DBE Subcontractor Participation and Environmental Protection Agency Form 6100-3 DBE Subcontractor Performance to all its Disadvantaged Business Enterprise subcontractors.

The Contractor shall require Disadvantaged Business Enterprise provisions are contained in all contracts with any subcontractors for work or services related to the declared SCOPE OF WORK.

The Contractor shall comply with the provisions of RCW 43.155.060 regarding competitive bidding requirements for projects assisted in whole or in part with money from the Drinking Water State Revolving Fund program.

1.18. ELIGIBLE PROJECT COSTS

The Contractor assures compliance with Attachment V: DWSRF Eligible Project Costs, which identifies eligible costs for projects funded by Drinking Water State Revolving Fund loans.

1.19. PREVAILING WAGE

These terms supersede the terms in Section 2.33. Prevailing Wage Laws in General Terms and Conditions.

All contractors and subcontractors performing work on a construction project funded through this Contract shall comply with prevailing wage laws by paying the higher of state or federal prevailing wages according to:

State Prevailing Wages on Public Works, Chapter 39.12 RCW, as applicable to the Project funded by this contract, including but not limited to the filing of the "Statement of Intent to Pay Prevailing Wages" and "Affidavit of Wages Paid" as required by RCW 39.12.040. The Contractor shall maintain records sufficient to evidence

compliance with Chapter 39.12 RCW, and shall make such records available for Board's review upon request; or,

The Davis Bacon Act, 40 USC 276a-276a-5 and related federal acts provide that all laborers and mechanics employed by contractors or subcontractors in the performance shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor.

The Contractor agrees that the Contractor is legally and financially responsible for compliance with the prevailing wage requirements. Contractor is advised to consult the United States Department of Labor and Washington State Department of Labor and Industries websites to determine the federal and State prevailing wages that must be paid.

The Contractor shall ensure that all contractors, subcontractors, engineers, vendors, and any other entity for work or services listed in the declared SCOPE OF WORK shall insert in full, in any contract, the labor standards provisions listed in Attachment VI: Labor Standard Provisions for Subrecipients That Are Governmental Entities. Contractor shall report to the Board and/or the Department of Health that this requirement has been met as stated in this Contract.

1.20. FEDERAL EXCLUSION

These Terms add to the terms in Section 2.11. Certification Regarding Debarment, Suspension or Ineligibility and Voluntary Exclusion – Primary and Lower Tier Covered Transactions in General Terms and Conditions. The Contractor also agrees to access the Federal Exclusion List at www.sam.gov and provide Federal Exclusion documentation to the Board and to keep a copy on file with the Contractor's project records.

1.21. REGISTRATION WITH CENTRAL CONTRACTOR REGISTRATION (CCR)

By signing this Contract, the Contractor accepts the requirements stated in 48 CFR 52.204-7 to register with the Central Contractor Registration (CCR) database at the System for Awards Management (SAM) website. To register in SAM, a valid Data Universal Numbering System (DUNS) Number is required. The Contractor is responsible for the accuracy and completeness of the data within the SAM database and for any liability resulting from the Government's reliance on inaccurate or incomplete data. The Contractor must remain registered in the SAM database after the initial registration. The Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in SAM to ensure it is current, accurate and complete. The Contractor shall provide evidence documenting registration and renewal of SAM registration to the Board.

In the event of the Contractor's noncompliance or refusal to comply with the requirement stated above, the Board reserves the right to suspend payment until the Contractor cures this noncompliance.

1.22. RECORDKEEPING AND ACCESS TO RECORDS

These terms supersede the terms in Section 2.38. Records Maintenance in General Terms and Conditions.

The Board, the Board's agents, and duly authorized officials of the state and federal governments shall have full access and the right to examine, copy, excerpt, or transcribe any pertinent documents, papers, records, and books of the Contractor and of persons, firms, or organizations with which the Contractor may contract, involving transactions related to this project and this Contract.

The Contractor agrees to retain these records for a period of six (6) years from the date that the debt is retired. This includes but is not limited to financial reports. If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved.

1.23. REPORTS

The Contractor, at such times and on such forms as the Board may require, shall furnish the Board with such periodic reports as it may request pertaining to the activities undertaken pursuant to this Contract including, but not limited to:

- A. Prevailing Wage decisions and/or changes
- B. Disadvantaged Business Enterprises utilization
- C. Project Status Reports with each Invoice Voucher
- D. Certified Project Completion Report at project completion (as described in Section 1.11)
- E. Other reports as the Board may require

In the event of the Contractor's noncompliance or refusal to comply with the requirement stated above, the Board reserves the right to suspend payment until the Contractor cures this noncompliance.

1.24. AMENDMENTS, MODIFICATIONS, ASSIGNMENTS, AND WAIVERS

Amendments, modifications, assignments, and waivers to any of the terms of this contract supersede those terms as found in the original contract.

The Contractor may request an amendment of this Contract for the purpose of modifying the declared SCOPE OF WORK or for extending the time of performance as provided for in Section 1.10. Any revision to the SCOPE OF WORK or location of the project must be approved by the Department of Health. No modification or amendment resulting in an extension of time shall take effect until a request has been received and approved by the Board in accordance with Section 1.10.

During the term of this loan, any change in ownership of the water system(s) improved with funds received by the Contractor under this Contract must be approved in writing by the Board. As a condition of approval, the Board reserves the right to demand payment in full of the outstanding principal balance of the loan.

No conditions or provisions of this Contract may be waived unless approved by the Board in writing. No waiver of any default or breach by any party shall be implied from any failure to take action upon such default or breach if the default of breach persists or repeats.

1.25. TERMINATION FOR CAUSE

These terms supersede the terms in Section 2.46. Termination for Cause/Suspension in General Terms and Conditions.

If the Board concludes that the Contractor has failed to comply with the terms and conditions of this Contract, or has failed to use the loan proceeds only for those activities identified in the declared SCOPE OF WORK, or has otherwise materially breached one or more of the covenants in this Contract, the Board may at any time, at its discretion, upon notice to the Contractor, terminate the Contract and/or its attached agreements in whole or in part and declare the entire remaining balance of the loan, together with any interest accrued, immediately due and payable in full. Such Notice of Termination for Cause shall be in writing, shall state the reason(s) for such termination, and shall specify the effective date of the termination. The effective date of the termination will be determined by the Board. Such notice shall inform the Contractor of the breach of the relevant covenant and shall allow the Contractor at least thirty (30) business days to cure such breach, if curable. The notice shall instruct the Contractor that, if the breach is not cured or cannot be cured within thirty (30) business days, the outstanding balance of the loan shall be due and payable. If this Contract is so terminated, the Board shall be liable only for payment required under the terms of this Contract for services rendered or goods delivered prior to the effective date of termination. Nothing in this section shall affect the Contractor's obligations to immediately repay the unpaid balance of the loan as prescribed in the Washington Administrative Code (WAC) 246-296-150.

1.26. TERMINATION FOR CONVENIENCE

These terms supersede the terms in Section 2.47. Termination for Convenience in General Terms and Conditions.

The Board may terminate this Contract in the event that federal or state funds are no longer available to the Board, or are not appropriated for the purpose of meeting the Board's obligations under this Contract. The Board shall notify the Contractor in writing of its determination to terminate and the reason for such termination. The effective date of the termination will be determined by the Board. If this Contract is so terminated, the Board shall be liable only for payment required under the terms of this Contract for services rendered or goods delivered prior to the effective date of termination. Nothing in this section shall affect Contractor's obligations to repay the unpaid balance of the loan.

1.27. AUDIT

These terms supersede the terms in Section 2.10. Audit in General Terms and Conditions.

The Board reserves the right to require an audit of this project. The Contractor is responsible for correcting any audit findings. The Contractor agrees to refund to the Board all disallowed costs resulting from the audit. Audit costs are allowable expenses within this Contract.

Municipal and Not-For-Profit entities:

Audits of the Contractor's project activities may be conducted by the State Auditor Office (SAO). Audit costs are eligible project costs. The Contractor shall maintain its records and accounts so as to facilitate the audit requirements of the Board or its successor. The Contractor is responsible for any audit findings incurred by its own organization. The Board reserves the right to recover from the Contractor all disallowed costs resulting from the audit.

For audits of fiscal years beginning after December 26, 2014, Contractors expending \$750,000 or more in any fiscal year in federal funds from all sources, direct and indirect, are required to have an audit conducted in accordance with 2 CFR §200.501 – Audit Requirements."

For audits of fiscal years beginning prior to December 26, 2014, Contractors expending \$500,000 or more in any fiscal year in federal funds from all sources, direct and indirect, are required to have an audit conducted in accordance with existing Federal audit requirements.

For-Profit entities:

Audits must include a report on the internal control related to the federal program, which should describe the scope of testing of the internal control and the results of the tests.

The audit also must include a report on compliance, which includes an opinion (or disclaimer of opinion) on whether the auditee complied with laws, regulations and the provisions of the award agreement that could have a direct and material effect on the federal program.

The Contractor must send a copy of any required audit Reporting Package as described in existing Federal audit requirements for audits of fiscal years beginning prior to December 26, 2014, or 2 CFR §200.512 – Report Submission, for audits of fiscal years beginning after December 26, 2014, no later than nine (9) months after the end of the Contractor's fiscal year(s) to:

Department of Commerce
ATTN: Public Works Board
P.O. Box 42525
1011 Plum Street SE
Olympia WA 98504-2525

In addition to sending a copy of the audit, when applicable, the Contractor must include:

- Corrective action plan for audit findings within three (3) months of the audit being received by the Board.
- Copy of the Management Letter.

1.28. PROJECT SIGNS

If the Contractor displays, during the period covered by this Contract, any signs or markers identifying those entities participating financially in the approved project, the sign or marker must identify the Washington State Public Works Board Drinking Water State Revolving Fund and the Washington State Department of Health as participants in the project.

1.29. DISADVANTAGED BUSINESS ENTERPRISE REQUIREMENTS

As mandated by the Environmental Protection Agency, the Contractor agrees to comply with the requirements of the Environmental Protection Agency's Program for Utilization of Small, Minority, and Women's Business Enterprises in procurement under this Contract. The Contractor is required to follow the requirements identified in Attachment III: Disadvantaged Business Enterprise Requirements.

By signing this Contract, the Contractor accepts the applicable MBE/WBE fair share objectives/goals negotiated with Environmental Protection Agency by the Washington State Office of Minority and Women's Business Enterprises. The Contractor attests to the fact that it is purchasing the same or similar construction, supplies, services and equipment, in the same or similar relevant geographic buying market as Washington State Office of Minority and Women's Business Enterprises. The goals for the utilization of disadvantaged businesses are stated in Attachment III: Disadvantaged Business Enterprise Requirements.

The Contractor is required to furnish the Board and the Department of Health with such periodic reports as the Department may request pertaining to the utilization of disadvantaged businesses.

1.30. NONDISCRIMINATION PROVISION

During the performance of this contract, the Contractor shall comply with all federal and state nondiscrimination laws, including, but not limited to Chapter 49.60 RCW, Washington's Law Against Discrimination, and 42 USC 12101 et seq, the Americans with Disabilities Act (ADA).

In the event of the Contractor's noncompliance or refusal to comply with any applicable nondiscrimination law, regulation, or policy, this contract may be rescinded, canceled, or terminated in whole or in part, and the Contractor may be declared ineligible for further contracts with the Board. The Contractor shall, however, be given a reasonable time in which to cure this noncompliance.

The Contractor must also include the following terms and conditions in contracts with all contractors, subcontractors, engineers, vendors, and any other entity for work or services listed in the declared SCOPE OF WORK:

"The Contractor shall not discriminate on the basis of race, color, national origin or sex in the performance of this Contract. The Contractor shall carry out applicable requirements of 40 CFR Part 33 in the award and administration of contracts awarded under Environmental Protection Agency financial agreements. Failure by the Contractor to carry out these requirements is a material breach of this Contract which may result in termination of this Contract."

1.31. PROHIBITION STATEMENT

Pursuant to Section 106 of the Trafficking Victims Protection Act of 2000, as amended, the Contractor's contractors, subcontractors, engineers, vendors, and any other entity shall comply with and include the following terms and conditions in all contracts for work or services listed in the declared SCOPE OF WORK:

"All forms of trafficking in persons, illegal sex trade, or forced labor practices are prohibited in the performance of this award or subawards under the award, or in any manner during the period of time that the award is in effect. This prohibition applies to you as the recipient, your employees, subrecipients under this award, and subrecipients' employees."

If any term of this section is violated, this contract may be terminated.

1.32. FALSE, INCORRECT, OR INCOMPLETE INFORMATION OR CLAIM

The Contractor warrants that the Contractor neither has submitted nor shall submit any information that is materially false, incorrect, or incomplete to the Board.

The Contractor is advised that providing false, fictitious, or misleading information with respect to the receipt and disbursements of Environmental Protection Agency funds is basis for criminal, civil, or administrative fines and/or penalties.

1.33. LITIGATION

The Contractor warrants that there is no threatened or pending litigation, investigation, or legal action before any court, arbitrator, or administrative agency that, if adversely determined, would have a materially adverse effect on the Contractor's ability to repay the loan.

1.34. ESTABLISHMENT OF ADEQUATE RATES AND RESERVES

The Contractor agrees to provide a resolution adopting rate increases, capital assessments, or both, for the services of the system that shall be sufficient to provide funds which, along with other revenues of the system, will pay all operating expenses and debt repayments during the term of the loan. In addition, the Contractor shall create, fund, and maintain reserves at least as required by the Water System Plan or Small Water System Management Plan. The Board reserves the right, at anytime, to request proof of compliance of these requirements from the Contractor.

1.35. SPECIAL CONDITIONS

If SPECIAL CONDITIONS are listed on the Contract Declarations Page then these conditions are herein incorporated as part of the terms and requirements of this contract.

1.36. INVESTMENT GRADE AUDIT

For projects involving repair, replacement, or improvement of a wastewater treatment plant, or other public works facility for which energy efficiency is obtainable, Contractor must undertake an investment grade audit per ESHB 1497.

Costs incurred as part of the investment grade audit are eligible project costs.

1.37. BUY AMERICAN

None of the funds made available to the Contractor shall be used for a project for the construction, alteration, maintenance, or repair of a public water system or treatment works unless all of the iron and steel products used in the project are produced in the United States. This requirement applies to the entire project receiving a loan agreement executed after January 17, 2014. Buy American does not apply to a project if the Department of Health approves the engineering plans and specifications for the project, in that agency's capacity to approve such plans and specifications prior to a project requesting bids, prior to January 17, 2014.

Waiver of the Buy American requirement may be considered if: 1) compliance would be inconsistent with the public interest; or 2) the particular iron and steel products are not produced in the United States in sufficient and reasonably available quantities and/or the particular iron and steel products are not of a satisfactory quality; or 3) inclusion of iron and steel products produced in the United States will increase the cost of the overall project by more than 25 percent. For consideration, a request for a waiver must be submitted to the Environmental Protection Agency (EPA). Contractors shall submit the waiver request to Commerce, which will then submit the request to EPA. EPA will post the waiver request and any other information available to EPA concerning the waiver request, on EPA's public Internet website and allow for informal public input on the request for at least 15 days prior to making a finding based on the request. The full text of the Buy American requirements appear at H.R. 3547, Consolidated Appropriations Act, 2014.

Part 2. GENERAL TERMS AND CONDITIONS

2.1. DEFINITIONS

As used throughout this Contract, the following terms shall have the meaning set forth below:

- A. "Authorized Representative" shall mean the Public Works Board Chair and/or the designee authorized in writing to act on the Chair's behalf.
- B. "Board" shall mean the Washington State Public Works Board created in Revised Code of Washington (RCW) 43.155.030, and which is a Party to the Contract
- C. "Contractor" shall mean the entity identified on the face sheet performing service(s) under this Contract, and shall include all employees and agents of the Contractor.
- D. "Modified Total Direct Costs (MTDC)" shall mean all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$25,000.
- E. "Personal Information" shall mean information identifiable to any person, including, but not limited to, information that relates to a person's name, health, finances, education, business, use or receipt of governmental services or other activities, addresses, telephone numbers, social security numbers, driver license numbers, other identifying numbers, and any financial identifiers.
- F. "State" shall mean the state of Washington.
- G. "Subcontractor" shall mean one not in the employment of the Contractor, who is performing all or part of those services under this Contract under a separate contract with the Contractor. The terms "subcontractor" and "subcontractors" mean subcontractor(s) in any tier.

2.2. ADMINISTRATIVE COST ALLOCATION

Administrative costs that may be allowed are set forth in the Specific Terms and Conditions. Administrative services shared by other programs shall be assigned to this Contract based on an allocation plan that reflects allowable administrative costs that support services provided under each Contract administered by the Contractor. An approved current federal indirect cost rate may be applied up to the maximum administrative budget allowed.

2.3. ALLOWABLE COSTS

Costs allowable under this Contract are actual expenditures according to an approved budget up to the maximum amount stated on the Contract Award or Amendment Face Sheet.

2.4. ALL WRITINGS CONTAINED HEREIN

This Contract contains all the terms and conditions agreed upon by the parties. No other understandings, oral or otherwise, regarding the subject matter of this Contract shall be deemed to exist or to bind any of the parties hereto.

2.5. AMENDMENTS

This Contract may be amended by mutual agreement of the parties. Such amendments shall not be binding unless they are in writing and signed by personnel authorized to bind each of the parties.

2.6. AMERICANS WITH DISABILITIES ACT (ADA) OF 1990, PUBLIC LAW 101-336, ALSO REFERRED TO AS THE "ADA" 28 CFR PART 35

The Contractor must comply with the ADA, which provides comprehensive civil rights protection to individuals with disabilities in the areas of employment, public accommodations, state and local government services, and telecommunications.

2.7. APPROVAL

This contract shall be subject to the written approval of the Board's Authorized Representative and shall not be binding until so approved. The contract may be altered, amended, or waived only by a written amendment executed by both parties.

2.8. ASSIGNMENT

Neither this Contract, nor any claim arising under this Contract, shall be transferred or assigned by the Contractor without prior written consent of the Board.

2.9. ATTORNEYS' FEES

Unless expressly permitted under another provision of the Contract, in the event of litigation or other action brought to enforce Contract terms, each party agrees to bear its own attorneys fees and costs.

2.10. AUDIT

A. General Requirements

Contractors are to procure audit services based on the following guidelines.

The Contractor shall maintain its records and accounts so as to facilitate the audit requirement and shall ensure that Subcontractors also maintain auditable records.

The Contractor is responsible for any audit exceptions incurred by its own organization or that of its Subcontractors.

The Board reserves the right to recover from the Contractor all disallowed costs resulting from the audit.

As applicable, Contractors required to have an audit must ensure the audits are performed in accordance with Generally Accepted Auditing Standards (GAAS); Government Auditing Standards (the Revised Yellow Book) developed by the Comptroller General.

Responses to any unresolved management findings and disallowed or questioned costs shall be included with the audit report. The Contractor must respond to the Board requests for information or corrective action concerning audit issues within thirty (30) days of the date of request.

B. Federal Funds Requirements - OMB Circular A-133 Audits of States, Local Governments and Non-Profit Organizations

Grantees expending \$750,000 or more in a fiscal year (that begins after December 26, 2014) in federal funds from all sources, direct and indirect, are required to have an audit conducted in accordance with 2 CFR Part 200. For fiscal years beginning prior to December 26, 2014, Grantees are required to have an audit conducted in accordance with Federal audit requirements. When state funds are also to be paid under this Agreement a Schedule of State Financial Assistance as well as the required schedule of Federal Expenditure must be included. Both schedules include:

- Grantor agency name
- Federal agency
- Federal program name
- Other identifying contract numbers
- Catalog of Federal Domestic Assistance (CFDA) number (if applicable)
- Grantor contract number
- Total award amount including amendments (total grant award)
- Current year expenditures

If the Contractor is a state or local government entity, the Office of the State Auditor shall conduct the audit. Audits of non-profit organizations are to be conducted by a certified public accountant selected by the Contractor in accordance with OMB Circular A-110 "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations."

The Contractor shall include the above audit requirements in any subcontracts.

In any case, the Contractor's financial records must be available for review by the Board.

C. Documentation Requirements

The Contractor must send a copy of any required audit Reporting Package as described in OMB Circular A-133, Part C, Section 320(c) no later than nine (9) months after the end of the Contractor's fiscal year(s) by sending a scanned copy to auditreview@commerce.wa.gov or by sending a hard copy to:

- Department of Commerce
- ATTN: Audit Review and Resolution Office
- 1011 Plum Street
- PO Box 42525

In addition to sending a copy of the audit, when applicable, the Contractor must include:

- Corrective action plan for audit findings within three (3) months of the audit being received by the Board.
- Copy of the Management Letter.

2.11. CERTIFICATION REGARDING DEBARMENT, SUSPENSION OR INELIGIBILITY AND VOLUNTARY EXCLUSION—PRIMARY AND LOWER TIER COVERED TRANSACTIONS

- A. Contractor, defined as the primary participant and its principals, certifies by signing these General Terms and Conditions that to the best of its knowledge and belief that they:
1. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency.
 2. Have not within a three-year period preceding this contract, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public or private agreement or transaction, violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, receiving stolen property, making false claims, or obstruction of justice;
 3. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this section; and,
 4. Have not within a three-year period preceding the signing of this contract had one or more public transactions (federal, state, or local) terminated for cause of default.
- B. Where the Contractor is unable to certify to any of the statements in this contract, the Contractor shall attach an explanation to this contract.
- C. The Contractor agrees by signing this contract that it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Board.
- D. The Contractor further agrees by signing this contract that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," as follows, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions:

LOWER TIER COVERED TRANSACTIONS

- a) The lower tier contractor certifies, by signing this contract that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
 - b) Where the lower tier contractor is unable to certify to any of the statements in this contract, such contractor shall attach an explanation to this contract.
- E. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, person, primary covered transaction, principal, and voluntarily excluded, as used in this section, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the Board for assistance in obtaining a copy of these regulations.

2.12. CODE REQUIREMENTS

All construction and rehabilitation projects must satisfy the requirements of applicable local, state, and federal building, mechanical, plumbing, fire, energy and barrier-free codes. Compliance with the Americans with Disabilities Act of 1990, 28 C.F.R. Part 35 will be required, as specified by the local building Department.

2.13. CONFIDENTIALITY/SAFEGUARDING OF INFORMATION

- A. "Confidential Information" as used in this section includes:
1. All material provided to the Contractor by the Board that is designated as "confidential" by the Board;
 2. All material produced by the Contractor that is designated as "confidential" by the Board; and

3. All personal information in the possession of the Contractor that may not be disclosed under state or federal law. "Personal information" includes but is not limited to information related to a person's name, health, finances, education, business, use of government services, addresses, telephone numbers, social security number, driver's license number and other identifying numbers, and "Protected Health Information" under the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA).

- B. The Contractor shall comply with all state and federal laws related to the use, sharing, transfer, sale, or disclosure of Confidential Information. The Contractor shall use Confidential Information solely for the purposes of this Contract and shall not use, share, transfer, sell or disclose any Confidential Information to any third party except with the prior written consent of the Board or as may be required by law. The Contractor shall take all necessary steps to assure that Confidential Information is safeguarded to prevent unauthorized use, sharing, transfer, sale or disclosure of Confidential Information or violation of any state or federal laws related thereto. Upon request, the Contractor shall provide the Board with its policies and procedures on confidentiality. The Board may require changes to such policies and procedures as they apply to this Contract whenever the Board reasonably determines that changes are necessary to prevent unauthorized disclosures. The Contractor shall make the changes within the time period specified by the Board. Upon request, the Contractor shall immediately return to the Board any Confidential Information that the Board reasonably determines has not been adequately protected by the Contractor against unauthorized disclosure.
- C. Unauthorized Use or Disclosure. The Contractor shall notify the Board within five (5) working days of any unauthorized use or disclosure of any confidential information, and shall take necessary steps to mitigate the harmful effects of such use or disclosure.

2.14. CONFLICT OF INTEREST

Notwithstanding any determination by the Executive Ethics Board or other tribunal, COMMERCE may, in its sole discretion, by written notice to the Contractor terminate this contract if it is found after due notice and examination by COMMERCE that there is a violation of the Ethics in Public Service Act, Chapter 42.52 RCW; or any similar statute involving the Contractor in the procurement of, or performance under this contract.

Specific restrictions apply to contracting with current or former state employees pursuant to chapter 42.52 of the Revised Code of Washington. The Contractor and their subcontractor(s) must identify and state of Washington employees for former state employees employed or on the firm's governing board during the past 24 months. Identify the individual by name, the agency previously or currently employed by, job title or position held, and separation date. If it is determined by COMMERCE that a conflict of interest exists, the Contractor may be disqualified from further consideration for the award of a contract.

In the event this contract is terminated as provided above, COMMERCE shall be entitled to pursue the same remedies against the Contractor as it could pursue in the event of a breach of the contract by the Contractor. The rights and remedies of COMMERCE provided for in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law. The existence of facts upon which COMMERCE makes any determination under this clause shall be an issue and may be reviewed as provided in the "Disputes" clause of this contract.

2.15. CONFORMANCE

If any provision of this contract violates any statute or rule of law of the state of Washington, it is considered modified to conform to that statute or rule of law.

2.16. COPYRIGHT PROVISIONS

Unless otherwise provided, all Materials produced under this Contract shall be considered "works for hire" as defined by the U.S. Copyright Act and shall be owned by the Board. The Board shall be considered the author of such Materials. In the event the Materials are not considered "works for hire" under the U.S. Copyright laws, the Contractor hereby irrevocably assigns all right, title, and interest in all Materials, including all intellectual property rights, moral rights, and rights of publicity to the Board effective from the moment of creation of such Materials.

"Materials" means all items in any format and includes, but is not limited to, data, reports, documents, pamphlets, advertisements, books, magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions. "Ownership" includes the right to copyright, patent, register and the ability to transfer these rights.

For Materials that are delivered under the Contract, but that incorporate pre-existing materials not produced under the Contract, the Contractor hereby grants to the Board a nonexclusive, royalty-free, irrevocable license (with rights

to sublicense to others) in such Materials to translate, reproduce, distribute, prepare derivative works, publicly perform, and publicly display. The Contractor warrants and represents that the Contractor has all rights and permissions, including intellectual property rights, moral rights and rights of publicity, necessary to grant such a license to the Board.

The Contractor shall exert all reasonable effort to advise the Board, at the time of delivery of Materials furnished under this Contract, of all known or potential invasions of privacy contained therein and of any portion of such document which was not produced in the performance of this Contract. The Contractor shall provide the Board with prompt written notice of each notice or claim of infringement received by the Contractor with respect to any Materials delivered under this Contract. The Board shall have the right to modify or remove any restrictive markings placed upon the Materials by the Contractor.

2.17. DISALLOWED COSTS

The Contractor is responsible for any audit exceptions or disallowed costs incurred by its own organization or that of its Subcontractors.

2.18. DISPUTES

Except as otherwise provided in this Contract, when a dispute arises between the parties and it cannot be resolved by direct negotiation, either party may request a dispute hearing with the Director of the Board, who may designate a neutral person to decide the dispute.

The request for a dispute hearing must:

- be in writing;
- state the disputed issues;
- state the relative positions of the parties;
- state the Contractor's name, address, and Contract number; and,
- be mailed to the Director and the other party's (respondent's) Contract Representative within three (3) working days after the parties agree that they cannot resolve the dispute.

The respondent shall send a written answer to the requestor's statement to both the Director or the Director's designee and the requestor within five (5) working days.

The Director or designee shall review the written statements and reply in writing to both parties within ten (10) working days. The Director or designee may extend this period if necessary by notifying the parties.

The decision shall not be admissible in any succeeding judicial or quasi-judicial proceeding.

The parties agree that this dispute process shall precede any action in a judicial or quasi-judicial tribunal.

Nothing in this Contract shall be construed to limit the parties' choice of a mutually acceptable alternate dispute resolution (ADR) method in addition to the dispute hearing procedure outlined above.

2.19. DUPLICATE PAYMENT

The Contractor certifies that work to be performed under this contract does not duplicate any work to be charged against any other contract, subcontract, or other source.

2.20. ETHICS/CONFLICTS OF INTEREST

In performing under this Contract, the Contractor shall assure compliance with the Ethics in Public Service Act (Chapter 42.52 RCW) and any other applicable state or federal law related to ethics or conflicts of interest.

2.21. GOVERNING LAW AND VENUE

This Contract shall be construed and interpreted in accordance with the laws of the state of Washington, and the venue of any action brought hereunder shall be in the Superior Court for Thurston County.

2.22. INDEMNIFICATION

To the fullest extent permitted by law, the Contractor shall indemnify, defend, and hold harmless the state of Washington, the Board, all other agencies of the state and all officers, agents and employees of the state, from and against all claims or damages for injuries to persons or property or death arising out of or incident to the Contractor's performance or failure to perform the Contract. The Contractor's obligation to indemnify, defend, and hold harmless includes any claim by the Contractor's agents, employees, representatives, or any Subcontractor or its agents, employees, or representatives.

The Contractor's obligation to indemnify, defend, and hold harmless shall not be eliminated by any actual or alleged concurrent negligence of the state or its agents, agencies, employees and officers.

Subcontracts shall include a comprehensive indemnification clause holding harmless the Contractor, the Board, the state of Washington, its officers, employees and authorized agents.

The Contractor waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless the state and its agencies, officers, agents or employees.

2.23. INDEPENDENT CAPACITY OF THE CONTRACTOR

The parties intend that an independent contractor relationship will be created by this Contract. The Contractor and its employees or agents performing under this Contract are not employees or agents of the State of Washington or the Board. The Contractor will not hold itself out as or claim to be an officer or employee of the Board or of the State of Washington by reason hereof, nor will the Contractor make any claim of right, privilege or benefit which would accrue to such officer or employee under law. Conduct and control of the work will be solely with the Contractor.

2.24. INDIRECT COSTS

If statutorily allowed and if the Contractor chooses to charge Indirect under this grant, the Contractor shall provide their indirect cost rate that has been negotiated between their entity and the Federal Government. If no such rate exists a de minimis indirect cost rate of 10% of modified total direct costs (MTDC) will be used.

2.25. INDUSTRIAL INSURANCE COVERAGE

The Contractor shall comply with all applicable provisions of Title 51 RCW, Industrial Insurance. If the Contractor fails to provide industrial insurance coverage or fails to pay premiums or penalties on behalf of its employees as may be required by law, The Board may collect from the Contractor the full amount payable to the Industrial Insurance Accident Fund. The Board may deduct the amount owed by the Contractor to the accident fund from the amount payable to the Contractor by the Board under this Contract, and transmit the deducted amount to the Department of Labor and Industries, (L&I) Division of Insurance Services. This provision does not waive any of L&I's rights to collect from the Contractor.

2.26. LAWS

The Contractor shall comply with all applicable laws, ordinances, codes, regulations, and policies of local, state, and federal governments, as now or hereafter amended, including, but not limited to:

2.27. LICENSING, ACCREDITATION AND REGISTRATION

The Contractor shall comply with all applicable local, state, and federal licensing, accreditation and registration requirements or standards necessary for the performance of this Contract.

2.28. LIMITATION OF AUTHORITY

Only the Authorized Representative or Authorized Representative's designee by writing (designation to be made prior to action) shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this Contract.

2.29. LOCAL PUBLIC TRANSPORTATION COORDINATION

Where applicable, Contractor shall participate in local public transportation forums and implement strategies designed to ensure access to services.

2.30. NONCOMPLIANCE WITH NONDISCRIMINATION LAWS

During the performance of this Contract, the Contractor shall comply with all federal, state, and local nondiscrimination laws, regulations and policies. In the event of the Contractor's non-compliance or refusal to comply with any nondiscrimination law, regulation or policy, this contract may be rescinded, canceled or terminated

in whole or in part, and the Contractor may be declared ineligible for further contracts with the Board. The Contractor shall, however, be given a reasonable time in which to cure this noncompliance. Any dispute may be resolved in accordance with the "Disputes" procedure set forth herein.

2.31. NOTIFICATION OF TENANT RIGHTS/RESPONSIBILITIES

The Contractor shall provide all tenants, if any, with information outlining tenant rights and responsibilities under the Washington State Landlord Tenant laws, Title 59, Revised Code of Washington.

The Contractor shall also provide all occupants of property acquired with U.S. Department of Housing and Urban Development (HUD) funds notice regarding their eligibility for relocation assistance. Such notices will be provided as required by the Uniform Relocation Assistance and Real Property Acquisition Act of 1970, as amended and referenced in 49 CFR part 24 and Section 104(d) of the Housing and Community Development Act of 1974, as amended and referenced in 24 CFR 570 and noted in HUD's Handbook No. 1378. Notifications will include but not be limited to:

- General Information Notice
- Notice of Displacement/Non-Displacement

2.32. POLITICAL ACTIVITIES

Political activity of Contractor employees and officers are limited by the State Campaign Finances and Lobbying provisions of Chapter 42.17 RCW and the Federal Hatch Act, 5 USC 1501 - 1508.

No funds may be used for working for or against ballot measures or for or against the candidacy of any person for public office.

2.33. PREVAILING WAGE LAWS

All contractors and subcontractors performing work on a construction project funded through this agreement shall comply with prevailing wage laws by paying the higher of state or federal prevailing wages according to:

State Prevailing Wages on Public Works, Chapter 39.12 RCW, as applicable to the Project funded by this contract, including but not limited to the filing of the "Statement of Intent to Pay Prevailing Wages" and "Affidavit of Wages Paid" as required by RCW 39.12.040. The Contractor shall maintain records sufficient to evidence compliance with Chapter 39.12 RCW, and shall make such records available for the Board's review upon request; or

The Davis Bacon Act, 40 USC. 276a-276a-5 and related federal acts provide that all laborers and mechanics employed by contractors or subcontractors in the performance shall be paid wages at rates not less than those prevailing on similar construction in the locality as determined by the Secretary of Labor.

2.34. PROCUREMENT STANDARDS FOR FEDERALLY FUNDED PROGRAMS

A Contractor which is a local government or Indian Tribal government must establish procurement policies and procedures in accordance with OMB Circulars A-102, Uniform Administrative Requirements for Grants in Aid for State and Local Governments, for all purchases funded by this Contract.

A Contractor which is a nonprofit organization shall establish procurement policies in accordance with OMB Circular A-110, Uniform Administrative Requirements for Grants and Agreements with Nonprofit Agencies, for all purchases funded by this Contract.

The Contractor's procurement system should include at least the following:

1. A code or standard of conduct that shall govern the performance of its officers, employees, or agents engaged in the awarding of contracts using federal funds.
2. Procedures that ensure all procurement transactions shall be conducted in a manner to provide, to the maximum extent practical, open and free competition.
3. Minimum procedural requirements, as follows:
 - a. Follow a procedure to assure the avoidance of purchasing unnecessary or duplicative items.
 - b. Solicitations shall be based upon a clear and accurate description of the technical requirements of the procured items.
 - c. Positive efforts shall be made to use small and minority-owned businesses.

- d. The type of procuring instrument (fixed price, cost reimbursement) shall be determined by the Contractor, but must be appropriate for the particular procurement and for promoting the best interest of the program involved.
 - e. Contracts shall be made only with reasonable subcontractors who possess the potential ability to perform successfully under the terms and conditions of the proposed procurement.
 - f. Some form of price or cost analysis should be performed in connection with every procurement action.
 - g. Procurement records and files for purchases shall include all of the following:
 - 1) Contractor selection or rejection.
 - 2) The basis for the cost or price.
 - 3) Justification for lack of competitive bids if offers are not obtained.
 - h. A system for contract administration to ensure Contractor conformance with terms, conditions and specifications of this Contract, and to ensure adequate and timely follow-up of all purchases.
4. Contractor and Subcontractor must receive prior approval from the Board for using funds from this Contract to enter into a sole source contract or a contract where only one bid or proposal is received when value of this contract is expected to exceed \$5,000.
- Prior approval requests shall include a copy of proposed contracts and any related procurement documents and justification for non-competitive procurement, if applicable.

2.35. PROHIBITION AGAINST PAYMENT OF BONUS OR COMMISSION

The funds provided under this Contract shall not be used in payment of any bonus or commission for the purpose of obtaining approval of the application for such funds or any other approval or concurrence under this Contract provided, however, that reasonable fees or bona fide technical consultant, managerial, or other such services, other than actual solicitation, are not hereby prohibited if otherwise eligible as project costs.

2.36. PUBLICITY

The Contractor agrees not to publish or use any advertising or publicity materials in which the state of Washington or the Board's name is mentioned, or language used from which the connection with the state of Washington's or the Board's name may reasonably be inferred or implied, without the prior written consent of the Board .

2.37. RECAPTURE

In the event that the Contractor fails to perform this contract in accordance with state laws, federal laws, and/or the provisions of this contract, The Board reserves the right to recapture funds in an amount to compensate the Board for the noncompliance in addition to any other remedies available at law or in equity.

Repayment by the Contractor of funds under this recapture provision shall occur within the time period specified by the Board. In the alternative, The Board may recapture such funds from payments due under this contract.

2.38. RECORDS MAINTENANCE

The Contractor shall maintain all books, records, documents, data and other evidence relating to this Contract and performance of the services described herein, including but not limited to accounting procedures and practices which sufficiently and properly reflect all direct and indirect costs of any nature expended in the performance of this Contract. Contractor shall retain such records for a period of six years following the date of final payment.

If any litigation, claim or audit is started before the expiration of the six (6) year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been finally resolved.

2.39. REGISTRATION WITH DEPARTMENT OF REVENUE

If required by law, the Contractor shall complete registration with the Washington State Department of Revenue.

2.40. RIGHT OF INSPECTION

At no additional cost all records relating to the Contractor's performance under this Contract shall be subject at all reasonable times to inspection, review, and audit by the Board, the Office of the State Auditor, and federal and state officials so authorized by law, in order to monitor and evaluate performance, compliance, and quality assurance under this Contract. The Contractor shall provide access to its facilities for this purpose.

2.41. SAVINGS

In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date of this Contract and prior to normal completion, The Board may terminate the Contract under the "Termination for Convenience" clause, without the ten business day notice requirement. In lieu of termination, the Contract may be amended to reflect the new funding limitations and conditions.

2.42. SEVERABILITY

If any provision of this Contract or any provision of any document incorporated by reference shall be held invalid, such invalidity shall not affect the other provisions of this Contract that can be given effect without the invalid provision, if such remainder conforms to the requirements of law and the fundamental purpose of this Contract and to this end the provisions of this Contract are declared to be severable.

2.43. SUBCONTRACTING

The Contractor may only subcontract work contemplated under this Contract if it obtains the prior written approval of the Board.

If the Board approves subcontracting, the Contractor shall maintain written procedures related to subcontracting, as well as copies of all subcontracts and records related to subcontracts. For cause, the Board in writing may: (a) require the Contractor to amend its subcontracting procedures as they relate to this Contract; (b) prohibit the Contractor from subcontracting with a particular person or entity; or (c) require the Contractor to rescind or amend a subcontract.

Every subcontract shall bind the Subcontractor to follow all applicable terms of this Contract. The Contractor is responsible to the Board if the Subcontractor fails to comply with any applicable term or condition of this Contract. The Contractor shall appropriately monitor the activities of the Subcontractor to assure fiscal conditions of this Contract. In no event shall the existence of a subcontract operate to release or reduce the liability of the Contractor to the Board for any breach in the performance of the Contractor's duties.

Every subcontract shall include a term that the Board and the State of Washington are not liable for claims or damages arising from a Subcontractor's performance of the subcontract.

2.44. SURVIVAL

The terms, conditions, and warranties contained in this Contract that by their sense and context are intended to survive the completion of the performance, cancellation or termination of this Contract shall so survive.

2.45. TAXES

All payments accrued on account of payroll taxes, unemployment contributions, the Contractor's income or gross receipts, any other taxes, insurance or expenses for the Contractor or its staff shall be the sole responsibility of the Contractor.

2.46. TERMINATION FOR CAUSE/SUSPENSION

In event the Board determines that the Contractor failed to comply with any term or condition of this Contract, the Board may terminate the Contract in whole or in part upon written notice to the Contractor. Such termination shall be deemed "for cause." Termination shall take effect on the date specified in the notice.

In the alternative, the Board upon written notice may allow the Contractor a specific period of time in which to correct the non-compliance. During the corrective-action time period, the Board may suspend further payment to the Contractor in whole or in part, or may restrict the Contractor's right to perform duties under this Contract. Failure by the Contractor to take timely corrective action shall allow the Board to terminate the Contract upon written notice to the Contractor.

"Termination for Cause" shall be deemed a "Termination for Convenience" when the Board determines that the Contractor did not fail to comply with the terms of the Contract or when the Board determines the failure was not caused by the Contractor's actions or negligence.

If the Contract is terminated for cause, the Contractor shall be liable for damages as authorized by law, including, but not limited to, any cost difference between the original contract and the replacement contract, as well as all costs associated with entering into the replacement contract (i.e., competitive bidding, mailing, advertising, and staff time).

2.47. TERMINATION FOR CONVENIENCE

Except as otherwise provided in this Contract, the Board may, by ten (10) business days written notice, beginning on the second day after the mailing, terminate this Contract, in whole or in part. If this Contract is so terminated, the Board shall be liable only for payment required under the terms of this Contract for services rendered or goods delivered prior to the effective date of termination.

2.48. TERMINATION PROCEDURES

After receipt of a notice of termination, except as otherwise directed by the Board, the Contractor shall:

- A.** Stop work under the Contract on the date, and to the extent specified, in the notice;
- B.** Place no further orders or subcontracts for materials, services, or facilities related to the Contract;
- C.** Assign to the Board all of the rights, title, and interest of the Contractor under the orders and subcontracts so terminated, in which case the Board has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts. Any attempt by the Contractor to settle such claims must have the prior written approval of the Board; and
- D.** Preserve and transfer any materials, contract deliverables and/or the Board property in the Contractor's possession as directed by the Board.

Upon termination of the Contract, the Board shall pay the Contractor for any service provided by the Contractor under the Contract prior to the date of termination. The Board may withhold any amount due as the Board reasonably determines is necessary to protect the Board against potential loss or liability resulting from the termination. The Board shall pay any withheld amount to the Contractor if the Board later determines that loss or liability will not occur.

The rights and remedies of the Board under this section are in addition to any other rights and remedies provided under this Contract or otherwise provided under law.

2.49. WAIVER

Waiver of any default or breach shall not be deemed to be a waiver of any subsequent default or breach. Any waiver shall not be construed to be a modification of the terms of this Contract unless stated to be such in writing and signed by Authorized Representative of the Board.

2.50. WORK HOURS AND SAFETY STANDARDS

The Contract Work Hours and Safety Standards Act (40 USC 327-333)-Where applicable, all contracts awarded by recipients in excess of \$100,000 for construction and other purposes that involve the employment of mechanics or laborers must include a provision for compliance with Section 102 and 107 of the Contract Work Hours Safety Standards Act (40 USC 327-333), as supplemented by Department of Labor regulations (29 CFR part 5). Under Section 102 of the Act, each subcontractor is required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 ½ times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic is required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

ATTACHMENT I: ATTORNEY'S CERTIFICATION

DRINKING WATER STATE REVOLVING FUND (MUNICIPAL)

City of Auburn
DM16-952-046

I, _____, hereby certify:

I am an attorney at law admitted to practice in the State of Washington and the duly appointed attorney of the Contractor identified on the Declarations Page of the Contract identified above; and

I have also examined any and all documents and records, which are pertinent to the Contract, including the application requesting this financial assistance.

Based on the foregoing, it is my opinion that:

1. The Contractor is a public body, properly constituted and operating under the laws of the State of Washington, empowered to receive and expend federal, state and local funds, to contract with the State of Washington, and to receive and expend the funds involved to accomplish the objectives set forth in their application.
2. The Contractor is empowered to accept the Drinking Water State Revolving Fund financial assistance and to provide for repayment of the loan as set forth in the loan agreement.
3. There is currently no litigation in existence seeking to enjoin the commencement or completion of the above-described public facilities project or to enjoin the Contractor from repaying the Drinking Water State Revolving Fund loan extended by the Public Works Board with respect to such project. The Contractor is not a party to litigation, which will materially affect its ability to repay such loan on the terms contained in the loan agreement.
4. Assumption of this obligation would not exceed statutory and administrative rule debt limitations applicable to the Contractor.

ATTACHMENT III: DISADVANTAGED BUSINESS ENTERPRISE REQUIREMENTS

GENERAL COMPLIANCE, 40 CFR, Part 33

The Contractor agrees to comply with the requirements of Environmental Protection Agency's Program for Utilization of Small, Minority and Women's Business Enterprises (MBE/WBE) in procurement under this Contract, contained in 40 CFR, Part 33.

FAIR SHARE OBJECTIVES, 40 CFR, Part 33, Subpart D

The following are exemptions from the fair share objective Requirements:

- Grant and loan recipients receiving a total of \$250K or less in EPA financial assistance in a given fiscal year.
- Tribal recipients of Performance Partnership Eligible grants under 40 CFR Part 35, Subpart B.
 - There is a 3-year phase in period for the requirement to negotiate fair share goals for Tribal and Insular Area recipients.
- Recipients of Technical Assistance Grants.

The Fair Share Objectives or goals for the utilization of disadvantaged businesses negotiated with EPA by the WA Office of Minority Women Business are stated below.

Construction	10% MBE	6% WBE
Supplies	8% MBE	4% WBE
Equipment	8% MBE	4% WBE
Purchased Services	10% MBE	4% WBE

By signing this Contract, the Contractor is accepting the fair share objectives/goals stated above and attests to the fact that it is purchasing the same or similar construction, supplies, services and equipment, in the same or similar relevant geographic buying market as WA Office of Minority Women Business goal is being adopted.

SIX GOOD FAITH EFFORTS, 40 CFR, Part 33, Subpart C

Pursuant to 40 CFR, Section 33.301, the Contractor agrees to make the following good faith efforts whenever procuring construction, equipment, services and supplies under an EPA financial assistance agreement, and to ensure that sub-recipients, loan recipients, and prime contractors also comply.

Records documenting compliance with the six good faith efforts shall be retained. The six good faith efforts shall include:

- Ensure Disadvantaged Business Enterprises are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian Tribal, State and Local Government recipients, this will include placing the Disadvantaged Business Enterprises on solicitation lists and soliciting them whenever they are potential sources.
- Make information on forthcoming opportunities available to Disadvantaged Business Enterprises and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by Disadvantaged Business Enterprises in the competitive process. This includes, whenever possible, posting solicitations for bids or proposals for a minimum of thirty (30) calendar days before the bid or proposal closing date.
- Consider in the contracting process whether firms competing for large contracts could subcontract with Disadvantaged Business Enterprises. For Indian Tribal, State and Local Government recipients, this will include dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by Disadvantaged Business Enterprises in the competitive process.
- Encourage contracting with a consortium of Disadvantaged Business Enterprises when a contract is too large for one of these firms to handle individually.
- Use the services and assistance of the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.
- If the prime contractor awards subcontracts, also require the prime contractor to take the five good faith efforts in paragraphs A through E above.

MBE/WBE REPORTING, 40 CFR, Part 33, Sections 33.502 and 33.503

Contractor is required to submit MBE/WBE participation reports to the Board and/or the Department of Health, on a quarterly basis, beginning with the Federal fiscal year reporting period the Contractor receives the award and continuing until the project is completed.

CONTRACT ADMINISTRATION PROVISIONS, 40 CFR, Section 33.302

The Contractor agrees to comply with the contract administration provisions of 40 CFR, Section 33.302.

The Contractor agrees to require all general contractors to provide forms: EPA Form 6100-2 DBE Subcontractor Participation Form and EPA Form 6100-3 DBE Subcontractor Performance Form to all its Disadvantaged Business Enterprise subcontractors, engineers, vendors, and any other entity for work or services listed in the declared SCOPE OF WORK. These two (2) forms may be obtained from the EPA Office of Small Business Program's website on the internet at <http://www.epa.gov/osbp/grants.htm>.

The Contractor agrees to require all general contractors to complete and submit to the Contractor and Environmental Protection Agency EPA Form 6100-4 DBE Subcontractor Utilization Form beginning with the Federal fiscal year reporting period the Contractor receives the award and continuing until the project is completed. Only procurements with certified MBE/WBEs are counted toward a Contractor's MBE/WBE accomplishments.

BIDDERS LIST, 40 CFR, Section 33.501(b) and (c)

The Contractor is also required to create and maintain a bidders list if the Contractor of the loan is subject to, or chooses to follow, competitive bidding requirements. Please see 40 CFR, Section 33.501 (b) and (c) for specific requirements and exemptions.

Section 33.501(b) of the rule is as follows:

A recipient of a Continuing Environmental Program Grant or other annual grant must create and maintain a bidders list. In addition, a recipient of an EPA financial assistance agreement to capitalize a revolving loan fund also must require entities receiving identified loans to create and maintain a bidders list if the recipient of the loan is subject to, or chooses to follow, competitive bidding requirements. The purpose of a bidders list is to provide the recipient and entities receiving identified loans who conduct competitive bidding with as accurate a database as possible about the universe of MBE/WBE and non-MBE/WBE prime and subcontractors. The list must include all firms that bid or quote on prime contracts or bid or quote on subcontracts under EPA assisted projects, including both MBE/WBEs.

The bidders list must be kept until the grant project period has expired and the recipient is no longer receiving EPA funding under the grant. For entities receiving identified loans, the bidders list must be kept until the project period for the identified loan has ended. The following information must be obtained from all prime and subcontractors:

- (1) Entity's name with point of contact;
- (2) Entity's mailing address, telephone number, and e-mail address;
- (3) The procurement on which the entity bid or quoted, and when; and
- (4) Entity's status as a MBE/WBE¹ or non-MBE/WBE.

The exemption found at § 33.501(c) is as follows:

A recipient of an EPA financial assistance agreement in the amount of \$250,000 or less for any single assistance agreement, or of more than one financial assistance agreement with a combined total of \$250,000 or less in any one fiscal year, is exempt from the paragraph (b) of this section requirement to create and maintain a bidders list. Also, a recipient under the CWSRF, DWSRF, or BCRLF Program is not required to apply the paragraph (b) of this section bidders list requirement of this subpart to an entity receiving an identified loan in an amount of \$250,000 or less, or to an entity receiving more than one identified loan with a combined total of \$250,000 or less in any one fiscal year. This exemption is limited to the paragraph (b) of this section bidders list requirements of this subpart.

¹ Qualified Women and Minority business enterprises may be found on the Internet at www.omwbe.wa.gov or by contacting the Washington State Office of Minority and Women's Enterprises at 360-704-1181.

ATTACHMENT IV: CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

United States Environmental Protection Agency
Washington, DC 20460

EPA Project Control Number

The prospective participant certifies to the best of its knowledge and belief that it and the principals:

- (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
- (b) Have not within a three year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction: violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
- (c) Are not presently indicted for otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
- (d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.

I understand that a false statement on this certification may be ground for rejection of this proposal or termination of the award. In addition, under 18 USC Sec. 1001, a false statement may result in a fine of up to \$10,000 or imprisonment for up to 5 years, or both.

ATTACHMENT V: DWSRF ELIGIBLE PROJECT COSTS

Must be directly attributable to the project.

1. The costs for complying with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
2. DWSRF loan fees.
3. The purchase of a portion of another system's capacity, if it is the most cost effective solution (limited to publicly owned (municipal) systems).
4. Construction of reservoirs (clear wells) that are part of the treatment process and are collocated with the treatment facility.
5. Construction of distribution reservoirs (finished water).
6. Cost associated with restructuring or consolidation of existing water systems by publicly owned water systems.
7. Main extensions to connect to safe and reliable sources of drinking water.
8. Cost associated with collecting and preparing environmental assessment documents to obtain local permits.
9. Direct labor including related employee benefits:
 - a. Salaries and wages (at actual or average rates) covering productive labor hours of employees of the borrower (excluding the administrative organization of the operating unit involved) for periods of time actively or incidentally engaged in pre-design engineering, design engineering, construction engineering, acquisition of rights of way, and the cleaning, sterilization or bacteriological testing of water system components prior to public use. The costs of services rendered by employees generally classified as administration/project management of the loan are considered a direct cost only when such employees are assigned the types of services described above and shall be limited to 3% or less of the project loan amount.
 - b. Employee benefits relating to labor are considered a direct cost of construction projects. The following items may be included as employee benefits:
 - F.I.C.A. (Social Security) –employer's share.
 - Retirement benefits.
 - Hospital, health, dental, and other welfare insurance.
 - Life insurance.
 - Industrial and medical insurance.
 - Vacation.
 - Holiday.
 - Sick leave.
 - Military leave and jury duty.

Employee benefits must be calculated as a percentage of direct labor dollars. The computation of predetermined percentage rates to be applied to current labor costs must be based on the average of total employee benefits and total labor costs for the prior fiscal year and adjusted by known current year variations.

- c. Other than work identified in Number 9.a, no costs associated with labor performed by the borrower's employees, including force account work, are eligible for financing assistance.
10. Contract engineering, planning, design, legal, and financial planning services. The Board reserves the right to declare ineligible legal costs that are unreasonable and disproportionate to the project.
11. Contract construction work.
12. Direct vehicle and equipment charges at the actual rental cost paid for the equipment or, in the case of city or county-owned equipment, at the rental rates established by the local government's "equipment rental and revolving fund" following the methods prescribed by the division of municipal corporations. However, such costs must be charged on a uniform basis to equipment used for all projects regardless of the source of funding. Cities with a population of eight thousand or less not using this type of fund are allowed the same rates as used by the State Department of Transportation.
13. Direct materials and supplies.
14. Other direct costs incurred for materials or services acquired for a specific project are eligible costs and may include, but are not limited to such items as:
 - a. Telephone charges.
 - b. Reproduction and photogrammetry costs.
 - c. Video and photography for project documentation.
 - d. Computer usage.
 - e. Printing and advertising.
15. Other project related costs include:
 - Competitive Bidding.
 - Audit.
 - Insurance.
 - Prevailing wages.
 - Attorney fees.
 - Environmental Review.
 - Archaeological Survey.

Water system plan costs are not eligible for reimbursement. Small water system management program and plan amendments costs are eligible for reimbursement.

Projects may be designed to accommodate reasonable growth. This is generally the 20-year projection included in the system's water system plan or small water system management program.

ATTACHMENT VI: LABOR STANDARD PROVISIONS FOR SUBRECIPIENTS THAT ARE GOVERNMENTAL ENTITIES

Wage Rate Requirements Under The Consolidated and Further Continuing Appropriations Act, 2013 (P.L. 113-6)

Preamble

With respect to the Clean Water and Safe Drinking Water State Revolving Funds, EPA provides capitalization grants to each State which in turn provides subgrants or loans to eligible entities within the State. Typically, the subrecipients are municipal or other local governmental entities that manage the funds. For these types of recipients, the provisions set forth under Roman Numeral I, below, shall apply. Although EPA and the State remain responsible for ensuring subrecipients' compliance with the wage rate requirements set forth herein, those subrecipients shall have the primary responsibility to maintain payroll records as described in Section 3(ii)(A), below and for compliance as described in Section I-5.

Occasionally, the subrecipient may be a private for profit or not for profit entity. For these types of recipients, the provisions set forth in Roman Numeral II, below, shall apply. Although EPA and the State remain responsible for ensuring subrecipients' compliance with the wage rate requirements set forth herein, those subrecipients shall have the primary responsibility to maintain payroll records as described in Section II-3(ii)(A), below and for compliance as described in Section II-5.

I. Requirements Under The Consolidated and Further Continuing Appropriations Act, 2013 (P.L. 113-6)

For Subrecipients That Are Governmental Entities:

The following terms and conditions specify how recipients will assist EPA in meeting its Davis-Bacon (DB) responsibilities when DB applies to EPA awards of financial assistance under the FY 2013 Continuing Resolution with respect to State recipients and subrecipients that are governmental entities. If a subrecipient has questions regarding when DB applies, obtaining the correct DB wage determinations, DB provisions, or compliance monitoring, it may contact Department of Commerce. If a State recipient needs guidance, they may obtain additional guidance from DOL's web site at <http://www.dol.gov/whd/>.

1. Applicability of the Davis- Bacon (DB) prevailing wage requirements.

Under the FY 2013 Continuing Resolution, DB prevailing wage requirements apply to the construction, alteration, and repair of treatment works carried out in whole or in part with assistance made available by a State water pollution control revolving fund and to any construction project carried out in whole or in part by assistance made available by a drinking water treatment revolving loan fund. If a subrecipient encounters a unique situation at a site that presents uncertainties regarding DB applicability, the subrecipient must discuss the situation with the recipient State before authorizing work on that site.

2. Obtaining Wage Determinations.

(a) Subrecipients shall obtain the wage determination for the locality in which a covered activity subject to DB will take place prior to issuing requests for bids, proposals, quotes or other methods for soliciting contracts (solicitation) for activities subject to DB. These wage determinations shall be incorporated into solicitations and any subsequent contracts. Prime contracts must contain a provision requiring that subcontractors follow the wage determination incorporated into the prime contract.

- (i) While the solicitation remains open, the subrecipient shall monitor www.wdol.gov weekly to ensure that the wage determination contained in the solicitation remains current. The subrecipients shall amend the solicitation if DOL issues a modification more than 10 days prior to the closing date (i.e. bid opening) for the solicitation. If DOL modifies or supersedes the applicable wage determination less than 10 days prior to the closing date, the subrecipients may request a finding from the State recipient that there is not a reasonable time to notify interested contractors of the modification of the wage determination. The State recipient will provide a report of its findings to the subrecipient.
- (ii) If the subrecipient does not award the contract within 90 days of the closure of the solicitation, any modifications or supersedes DOL makes to the wage determination contained in the solicitation shall be effective unless the State recipient, at the request of the subrecipient, obtains an extension of the 90 day period from DOL pursuant to 29 CFR 1.6(c)(3)(iv). The subrecipient shall monitor www.wdol.gov on a weekly basis if it does not award the contract within 90 days of closure of the solicitation to ensure that wage determinations contained in the solicitation remain current.

(b) If the subrecipient carries out activity subject to DB by issuing a task order, work assignment or similar instrument to an existing contractor (ordering instrument) rather than by publishing a solicitation, the subrecipient shall insert the appropriate DOL wage determination from www.wdol.gov into the ordering instrument.

(c) Subrecipients shall review all subcontracts subject to DB entered into by prime contractors to verify that the prime contractor has required its subcontractors to include the applicable wage determinations.

(d) As provided in 29 CFR 1.6(f), DOL may issue a revised wage determination applicable to a subrecipient's contract after the award of a contract or the issuance of an ordering instrument if DOL determines that the subrecipient has failed to incorporate a wage determination or has used a wage determination that clearly does not apply to the contract or ordering instrument. If this occurs, the subrecipient shall either terminate the contract or ordering instrument and issue a revised solicitation or ordering instrument or incorporate DOL's wage determination retroactive to the beginning of the contract or ordering instrument by change order. The subrecipient's contractor must be compensated for any increases in wages resulting from the use of DOL's revised wage determination.

3. Contract and Subcontract provisions.

(a) The Recipient shall insure that the subrecipient(s) shall insert in full in any contract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a treatment work under the CWSRF or a construction project under the DWSRF financed in whole or in part from Federal funds or in accordance with guarantees of a Federal agency or financed from funds obtained by pledge of any contract of a Federal agency to make a loan, grant or annual contribution (except where a different meaning is expressly indicated), and which is subject to the labor standards provisions of any of the acts listed in § 5.1 or the FY 2013 Continuing Resolution, the following clauses:

(1) Minimum wages.

(i) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

Subrecipients may obtain wage determinations from the U.S. Department of Labor's web site, www.dol.gov.

(ii)(A) The subrecipient(s), on behalf of EPA, shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The State award official shall approve a request for an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the subrecipient(s) agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), documentation of the action taken and the request, including the local wage determination shall be sent by the subrecipient (s) to the State award official. The State award official will transmit the request, to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210 and to the EPA DB Regional Coordinator concurrently. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification request within 30 days of receipt and so advise the State award official or will notify the State award official within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the subrecipient(s) do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the award official shall refer the request and the local wage determination, including the views of all interested parties and the recommendation of the State award official, to the Administrator for

determination. The request shall be sent to the EPA DB Regional Coordinator concurrently. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt of the request and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, provided, that the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. The subrecipient(s), shall upon written request of the EPA Award Official or an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the (Agency) may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly, for each week in which any contract work is performed, a copy of all payrolls to the subrecipient, that is, the entity that receives the sub-grant or loan from the State capitalization grant recipient. Such documentation shall be available on request of the State recipient or EPA. As to each payroll copy received, the subrecipient shall provide written confirmation in a form satisfactory to the State indicating whether or not the project is in compliance with the requirements of 29 CFR 5.5(a)(1) based on the most recent payroll copies for the specified week. The payrolls shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on the weekly payrolls. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the subrecipient(s) for transmission to the State or EPA if requested by EPA, the State, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the subrecipient(s).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

- (1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;
- (2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;
- (3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.
- (C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.
- (D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.
- (iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the State, EPA or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency or State may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.
- (4) Apprentices and trainees--
- (i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is

not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the EPA determines may be appropriate, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination; debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and Subrecipient(s), State, EPA, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 USC 1001.

4. Contract Provision for Contracts in Excess of \$100,000.

(a) Contract Work Hours and Safety Standards Act. The subrecipient shall insert the following clauses set forth in paragraphs (a)(1), (2), (3), and (4) of this section in full in any contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by Item 3, above or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (a)(1) of this section the contractor and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (a)(1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (a)(1) of this section.

(3) Withholding for unpaid wages and liquidated damages. The subrecipient, upon written request of the EPA Award Official or an authorized representative of the Department of Labor, shall withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be

necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (a)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (a)(1) through (4) of this section.

(b) In addition to the clauses contained in Item 3, above, in any contract subject only to the Contract Work Hours and Safety Standards Act and not to any of the other statutes cited in 29 CFR 5.1, the Subrecipient shall insert a clause requiring that the contractor or subcontractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years from the completion of the contract for all laborers and mechanics, including guards and watchmen, working on the contract. Such records shall contain the name and address of each such employee, social security number, correct classifications, hourly rates of wages paid, daily and weekly number of hours worked, deductions made, and actual wages paid. Further, the Subrecipient shall insert in any such contract a clause providing that the records to be maintained under this paragraph shall be made available by the contractor or subcontractor for inspection, copying, or transcription by authorized representatives of the (write the name of agency) and the Department of Labor, and the contractor or subcontractor will permit such representatives to interview employees during working hours on the job.

5. Compliance Verification

(a) The subrecipient shall periodically interview a sufficient number of employees entitled to DB prevailing wages (covered employees) to verify that contractors or subcontractors are paying the appropriate wage rates. As provided in 29 CFR 5.6(a)(6), all interviews must be conducted in confidence. The subrecipient must use Standard Form 1445 (SF 1445) or equivalent documentation to memorialize the interviews. Copies of the SF 1445 are available from EPA on request.

(b) The subrecipient shall establish and follow an interview schedule based on its assessment of the risks of noncompliance with DB posed by contractors or subcontractors and the duration of the contract or subcontract. Subrecipients must conduct more frequent interviews if the initial interviews or other information indicated that there is a risk that the contractor or subcontractor is not complying with DB.

Subrecipients shall immediately conduct interviews in response to an alleged violation of the prevailing wage requirements. All interviews shall be conducted in confidence."

(c) The subrecipient shall periodically conduct spot checks of a representative sample of weekly payroll data to verify that contractors or subcontractors are paying the appropriate wage rates. The subrecipient shall establish and follow a spot check schedule based on its assessment of the risks of noncompliance with DB posed by contractors or subcontractors and the duration of the contract or subcontract. At a minimum, if practicable, the subrecipient should spot check payroll data within two weeks of each contractor or subcontractor's submission of its initial payroll data and two weeks prior to the completion date the contract or subcontract. Subrecipients must conduct more frequent spot checks if the initial spot check or other information indicates that there is a risk that the contractor or subcontractor is not complying with DB. In addition, during the examinations the subrecipient shall verify evidence of fringe benefit plans and payments thereunder by contractors and subcontractors who claim credit for fringe benefit contributions.

(d) The subrecipient shall periodically review contractors and subcontractors use of apprentices and trainees to verify registration and certification with respect to apprenticeship and training programs approved by either the U.S Department of Labor or a state, as appropriate, and that contractors and subcontractors are not using disproportionate numbers of, laborers, trainees and apprentices. These reviews shall be conducted in accordance with the schedules for spot checks and interviews described in Item 5(b) and (c) above.

(e) Subrecipients must immediately report potential violations of the DB prevailing wage requirements to the Department of Commerce and to the appropriate DOL Wage and Hour District Office listed at <http://www.dol.gov/contacts/whd/america2.htm>.

AGENDA BILL APPROVAL FORM

Agenda Subject: Ordinance 6617 amending sections 17.26.010 and 17.26.030 of the City Code relating to Low Impact Development and Cluster Subdivisions		Date: October 4, 2016
Department: Community Development & Public Works	Attachments: None	Budget Impact: N/A
Administrative Recommendation: City Council to table the portion of the Planning Commission recommendation to amend Chapter 17.26 as part of the LID amendments contained in Ordinance 6617.		

Background Summary:

During the September 26, 2016 staff presentation on LID code changes, City Council requested that the October 10, 2016 study session agenda allow for further discussion on the issue of cluster subdivisions because Council has questions as to the appropriateness of the proposed amendments to Chapter 17.26 titled Cluster Subdivisions. More specifically, Council expressed concern that the amendments established inflexibility that could become problematic in the future. Additionally, there was discussion around the fact that the cluster subdivision ordinance has never been used since its adoption in 2009.

Following the September 26, 2016 study session discussion, staff has given additional thought to the City's further discussion and consideration of amendments to the cluster subdivision ordinance and is suggesting that a more thorough review be conducted by staff which will allow Council to have more information to help determine appropriate direction and outcomes. The following considerations helped staff arrive at this recommendation:

First, the amendments to the cluster subdivision ordinance that were included with the LID code update are not necessary to meet the Department of Ecology NPDES permit requirements that mandate code updates by December 31, 2016. While staff believes that the draft code amendments provide support to the use of LID, they are not crucial to the core elements of LID implementation. As a result, there is no state imposed deadline that is driving action on this portion of the amendment package.

Second, because the cluster subdivision ordinance has never been utilized it is appropriate to evaluate the entire concept rather than proceed with minor adjustments. This evaluation should include discussions with the private development community in order to better understand why they choose not to utilize this method of development.

Third, because amendments to Chapter 17.26 are not critical for LID implementation and because it appears there are more fundamental problems with the cluster subdivision ordinance, it is appropriate that staff conduct a deeper evaluation of the program and to provide more thorough findings, feedback and recommendations that are intended to make it a more viable and attractive option to the development community.

Staff suggests that City Council schedule a cluster subdivision discussion item for one of the study session dates in December 2016 for staff to provide a comprehensive report. In the meantime, staff will reach out to the King/Snohomish Master Builders Association, Pierce Master Builders Association, local developers, engineers and designers to solicit feedback. As part of this outreach effort staff will be asking, at a minimum, the following questions:

1. What about the current program causes you to avoid utilizing it?
2. What sections would you change or eliminate? What would you add?
3. Is it the code or are there other external market factors that influence your reasoning for not creating cluster developments (e.g. it is not a product that the consumer is seeking)?
4. Are there restrictions that cause you concern?

5. What are your thoughts on the draft amendments to 17.26 (although, the two MBA's already reviewed them and expressed support)?

If City Council supports this approach, staff would recommend that Council move forward with scheduling Ordinance 6617 for action on October 17, 2016 with the understanding that the Chapter 17.26 amendments will be removed from the ordinance for future additional consideration.

Administrative Recommendation:

For discussion only.

Background Summary:

Ordinance No. 6617, which was discussed at the September 26, 2016 Council Study Session, authorizes modifications in the City of Auburn's municipal code to make Low Impact Development (LID) principles and best management practices (BMPs) the preferred and commonly-used approach to new development, redevelopment, and construction site activities. One of these proposed municipal code changes (Section 12.04.010 B(2)) is to establish the 2014 Department of Ecology (DOE) Stormwater Management Manual for Western Washington (DOE SWMMWW) (<https://fortress.wa.gov/ecy/publications/summarypages/1410055.html>) and Supplemental Manual as the City's Surface Water Management Manual (SWMM). Staff is recommending that the Council adopt the DOE SWMMWW as is required by the permit, together with a Supplemental Manual that provides additional requirements, clarification, and guidance for development in Auburn.

The current 2009 City of Auburn Surface Water Management Manual (SWMM) is based on the 2008 City of Tacoma SWMM, which is based on the 2005 DOE SWMMWW. The 2014 DOE SWMMWW is similar to its previous edition, the 2005 DOE SWMMWW, but with some notable changes as follows:

A) The DOE Manual now requires the use of Low Impact Development (LID) if it is feasible. A development may incorporate LID by either:

- 1) Choosing from lists of LID Best Management Practices (BMPs) to manage runoff from various surface types, such as roofs, driveways/roadways, and sidewalks,

OR

- 2) Meeting a new stormwater discharge requirement that can only be achieved through the use of small, decentralized storm facilities that infiltrate stormwater on-site. Meeting this LID flow control requirement must be demonstrated through hydrologic modeling. Traditional detention/retention ponds and vaults cannot be sized to meet this LID flow control requirement on their own.

B) The DOE Manual also requires implementation of BMP T5.13 Post-Construction Soil Quality & Depth, requiring lawn/landscape areas to meet soil quality requirements following construction.

C) The DOE Manual includes a new requirement to protect LID facilities (including areas of native vegetation and permeable soils) during construction.

Auburn's Proposed Supplemental Manual is organized like the DOE SWMMWW, clarifying and providing guidance for the various sections of the DOE Manual as needed. Many of these requirements already exist in the City's adopted 2009 SWMM and are as noted below:

A) The additional Minimum Requirement (Requirement #10) for projects to conduct downstream flow evaluations and mitigation is carried forward.

B) Projects must continue to submit a Stormwater Site Plan using the provided outline and checklist, which has been revised and improved to include the new LID requirements.

C) The Construction Stormwater Pollution Prevention Plan (SWPPP) template from the 2009 SWMM has been replaced with the DOE template for this submittal document.

D) The Construction SWPPP Short Form is carried forward for small projects, with revisions to make the form easier to use.

E) Design criteria and technical guidance for detention ponds, pipe systems, control structures, and other traditional storm facilities are carried over from the 2009 SWMM.

F) Specific City BMPs for controlling runoff pollutants are carried forward from the 2009 SWMM.

The Auburn City Code establishes that the City Engineer has the authority to adopt "The engineering design standards as approved, supplemented and amended by the city engineer for specific design applications and in consultation with the city council

on policy issues or broad citywide implications...” The components of the Proposed Supplemental Manual that are considered policy issues or have broad city-wide implications that were not included in the City’s 2009 SWMM are as follows:

A) New LID facilities require a change in maintenance practices and standards, and may include additional future resources. Some of the issues and proposed solutions related to maintenance are:

- 1) Publicly-maintained bioretention areas with a variety of plants require specialized maintenance. Staff proposes that all bioretention areas located in the public right-of-way be planted with grass to facilitate ease of maintenance and reduce costs associated with specialized landscape maintenance.
- 2) Privately-maintained LID facilities require additional consideration to ensure they function properly and meet aesthetic requirements. Staff proposes that existing stormwater maintenance agreements are used to identify LID facility maintenance responsibilities.

B) The implementation of BMP T5.13 Post-Construction Soil Quality and Depth is required by the DOE Manual. Staff proposes making the use of the guidance document Building Soil: Guidelines and Resources for Implementing Soil Quality and Depth BMP T5.13 in WDOE SWMMWW a requirement for applying this BMP to assist with technical and administrative application of the required BMP. The DOE Manual recommends the use of this document and encourages municipalities to require it.

C) The design of required LID BMPs is very site-specific and there is a need to insure that these facilities will be safe, functional, and not present maintenance issues. Project designers and City reviewers must evaluate each LID BMP for feasibility. To provide clarification as it relates to Auburn, Staff have provided the following:

- 1) Infeasibility criteria summarized in Appendix I, Volume I of the Proposed Supplemental Manual to make evaluation easier. The criteria are based on maintenance, safety, long term functionality, protection of the City’s water supply, and reducing risk of failure.
- 2) Geographical data that identifies high risk areas for some LID BMPs has been compiled into a single map layer (see attached). This map layer will be available to assist City staff and customers in identifying areas where infiltration using LID BMPs is not feasible or requires treatment. The existing data used to create this map layer include: wetlands, flood hazard areas, steep slopes, landslide and erosion hazard areas, riparian habitat zones, river channel migration zones, and groundwater protection zones.

D) Verifying that flow control standards are met and stormwater facilities are properly sized requires a standard method of hydrologic analysis. Staff proposes that the

DOE's Western Washington Hydrology Model (WWHM) be the required software for meeting all modeling submittal requirements used in sizing facilities and demonstrating compliance with flow control standards.

Administrative Recommendation:**Background Summary:**

During review of existing franchise agreements, the City determined that the Lakehaven Utility District franchise agreement was adopted by resolution instead of ordinance. Because resolutions are adopted with a less formalized procedure, there is no evidence that the Lakehaven Utility District franchise agreement was adopted in conformity with statutory procedural requirements that typically accompany an ordinance.

Ratification of the Resolution Number 3650 by Ordinance will ensure compliance with the statutory procedural requirements for franchise agreements, including publication of notice, and a public hearing. The terms of the agreement will remain unchanged.

ORDINANCE NO. 6 6 2 4

AN ORDINANCE OF THE CITY COUNCIL OF THE
CITY OF AUBURN, WASHINGTON, RATIFYING
THE FRANCHISE AGREEMENT WITH LAKEHAVEN
UTILITY DISTRICT ADOPTED BY RESOLUTION
NUMBER 3650

WHEREAS, the Lakehaven Utility District currently owns, operates, and maintains a water system within the City of Auburn's public rights-of-way within the City of Auburn corporate boundary; and

WHEREAS, in 2004, the City and Lakehaven Utility District negotiated a franchise agreement that was approved by the City Council through Resolution Number 3650; and

WHEREAS, Revised Code of Washington 35A.47.040 includes certain procedural requirements not typically followed when adopting a resolution; and

WHEREAS, the City wishes to ensure that the benefits and obligations inured to Lakehaven Utility District through Resolution Number 3650 are not invalidated by any procedural deficiency; and

WHEREAS, ratification of Resolution Number 3650 by this Ordinance will resolve any omission in the procedural requirements of RCW 35A.47.040 and conform to the City's standard practice of franchise adoption by ordinance; and

WHEREAS, following proper notice, the City Council held a public hearing on ratification of Resolution Number 3650; at which time interested citizens were heard in a full public proceeding affording opportunity for comment by any and all persons desiring to be heard; and

WHEREAS, from information presented at such public hearing, and from facts and circumstances developed or discovered through independent study and investigation, the City Council now deems it appropriate and in the best interest of the City and its inhabitants that Resolution Number 3650 be ratified.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF AUBURN, WASHINGTON, DO ORDAIN as follows:

Section 1. Grant of Franchise The provisions of Resolution Number 3650, attached hereto as Exhibit A and incorporated herein by this reference, are hereby adopted as if fully set forth herein.

Section 2. Implementation. The Mayor is hereby authorized to implement such administrative procedures as may be necessary to carry out the directions of this legislation.

Section 3. Severability. The provisions of this ordinance are declared to be separate and severable. The invalidity of any clause, sentence, paragraph, subdivision, section or portion of this ordinance, or the invalidity of the application thereof to any person or circumstance shall not affect the validity of the remainder of this ordinance, or the validity of its application to other persons or circumstances.

Section 4. Effective date. This Ordinance shall take effect and be in force five days from and after its passage, approval and publication as provided by law.
