III. DISCUSSION ITEMS

A. Junior City Council Photos and Biographies (Ruth\Hinman)

Public Affairs and Marketing Manager Dana Hinman shared to the Junior Council that we would like their biographies on the website in order to promote them and for the general community to learn more about them. Dana Hinman asked the Junior Council to discuss what they would like to see on their section of the website and bring their ideas to the next meeting to discuss as an agenda item. Each Junior Councilmember interviewed a member from the City Council on City of Auburn TV21. Member Martinez-Torres suggested putting those interviews on their portion of the website and Member Thomas also suggested listing on the

website their goals and accomplishments.

Assistant City Attorney Doug Ruth went over the legalities of posting pictures and information of the Junior Council on the website. The Junior Council will be given parental consent forms at the next meeting.

B. Programming at the Community & Event Center (Faber)
Citizen survey, planned for this June, regarding programming of the Community & Event Center.

Parks, Arts and Recreation Director Faber introduced himself to the Junior Council and explained the goals and vision of the Community & Event Center. He would like input from the Junior Council on what kind of programs and activities they would like to see at the community center. A survey will be distributed throughout the community and Director Faber asked the Junior Council to come up with different ways on how to best get citizens to complete the survey. Member Martinez-Torres feels that providing classrooms with a hard copy would yield the best response from the youth community. Director Faber recommended having the survey available at the City of Auburn's Late Night event. Member Zalutskiy would like to see a cheerleading program at the Community Center. Deputy Mayor Wagner advised the Junior Council bring their community center and survey ideas to the next Junior Council meeting to discuss as an agenda item.

C. Community & Event Center Operating & Financial Plan Background (Faber)

Director Faber discussed the proposed format and cost of the community center. Member Hands suggested having a large gathering area in the front entrance. Director Faber agreed and explained that there will be a large lobby area with furniture to give visitors an inviting atmosphere. Director Faber also explained that the community center will be friendly for all ages. Member Campbell inquired about transportation to and from the community center and Director Faber explained that the city has a strong relationship with the Auburn School District. The Auburn School District currently transports students to the gymnasium at Les Gove Community Campus.

D. Downtown District Development

Deputy Mayor Wagner would like ideas from the Junior Council on what they would like to see in Downtown Auburn. Suggestions included a bowling alley, laser tag facility, ice skating rink and a swimming pool to offer swim lessons to youth and adults.
